## COSTUME DANCE SET FOR TONIGHT BY P. T. A.

Capes for School Band  
Made by P. T. A. Mothers

The Parent - Teachers Association, under the auspices of the National Parent-Teachers Association, meets in the Music Rom of the school the third Tuesday of each month at 1:15 p. m.

The next student dance given by the P. T. A., will be this evening, Friday, October 21. It will be a costume party in celebration of Hallowe'en, but costumes are not necessary for admission. Tickets will be sold through the advisory for twenty-five cents, as always. There will be a good orchestra and a good time is promised to every one who will attend. The last dance netted \$77.40 for the football fund.

The P. T. A. has recently purchased a sousaphone for use by the school band. This instrument is to remain the property of the school.

The mothers of this organization are giving much time and effort toward the completion of the fifty-two capes required by the band. These capes have been made at a cost of \$106.77.

The Association most cordially invites all mothers of Southwest students to attend the meetings. Your co-operation is needed.

## Organization Begins For Larger Yearbook

In a recent interview, Mr. Rosenkranz made public his plans for our new yearbook. He stated that this year's book will be seven and one-half by ten and one-half inches, while last year's was six and one-half by nine and one-half inches. When asked what contributions would be expected from pupils, he said that he would like poems, stories, and candid camera pictures of and from sixes and sevens, especially.

He also said that the staff had not yet been chosen, but that a meeting of candidates for the staff would be held soon.

## FULL PAID SUBSCRIPTIONS TO "PIONEER" NUMBER 783

When the PIONEER went to press on Tuesday, October 18, seven hundred and eighty-three subscriptions were paid in full after nearly two weeks of campaigning. The campaign will continue for two more weeks to give everyone an opportunity to pay for his subscription. In the next issue of the PIONEER, the names of groups having one hundred percent paid will be printed.

## Six Organists Practice During Free Periods

Ruth Walser, Mary Lucile Daugherty, Magdalen Beckmann, Lloyd Bartlett, and two teachers, Mr. Erskine and Miss Price, are making use of the Hammond Organ which was given to Southwest High School last year by Mr. Wilcox. These promising organists are giving up their free periods to practice on the organ. We hope that some of these musicians will perform at a future auditorium session.

## Spelling Club Trains Radio Contest Team

The spelling team has been re-organized as a club by Mr. George, our new Latin teacher, with some of the old and a few new members. When asked what he thought about the club, Mr. George replied, "The purpose of this club, which meets on Tuesdays after school, is to interest people in spelling so as to develop a good spelling team to represent our school in the annual spelling contest over the radio next April."

Last year, Southwest's team consisted of Robert Akers, Mary Baxter, Marian Happel, John Cyrus, Billy Booten, Ethel Repohl, Jack Massas, Irene Parisotto, Jack Mossop, Jane Huber, Ann Genozzi, Bob Morris, Violet Emmons, Gilbert Russo, Virginia Anderson, Ruth Lightner, and Jane Hurley. They were coached by Miss Mesloh.

Southwest was defeated last year by Rosati-Kain after fifteen minutes of competition. The last one to be spelled down was Irene Parisotto.

## GIRLS ASSOCIATION WILL OFFER SPORT FOR EVERY GIRL

Organization Being Perfected  
By Student Committees

At Southwest High School the girls are having the interesting experience of formulating the plans for an Athletic Association. How shall the membership be regulated? Shall it include every girl in the school or shall it be limited in any way? What shall be the program of activities and what about a point system? These are some of the questions now being discussed by a group of thirty-two girl students who, during the first year at Southwest, proved themselves to be very much interested in sports and athletics, at the same time maintaining high standards in school life.

From this number small committees were formed to consider a constitution, membership, activities, dues, points, and awards. At the first meeting of the committees each girl freely voiced her own opinion, and before the second meeting each committee member tried to contact as many girls of the school as possible in order to get an expression of opinion from the girl student body.

In the meantime there has been an unusual display of interest in the fall after school program of activities. Tennis singles, an interclass event; mixed doubles tournament, a successful innovation; soccer, speedball, swimming, badminton, bowling, field hockey, each with its own chosen following, give the girls an opportunity to put into practice the Slogan of the National Section on Women's Athletics:

"A Sport for Every Girl,  
Every Girl in a Sport."

## PATRONS HEAR ADDRESS BY BOARD PRESIDENT

The Southwest High School Patrons' Association held a meeting in the auditorium on Thursday, October 15.

Honorable John J. Sheahan, president of the Board of Education, made an address.

Pappy Cheshire and his gang furnished some very interesting entertainment. Also, our A Capella Choir sang several school songs. Our cheer leaders were on the stage to lead some school yells.

## Football Team Plays Night Game Oct. 28

On Friday, October 28, at eight o'clock, Southwest will play a night football game at the South End Baseball Park, just across from our school. The opposing eleven will be University City's "B" team. If the tickets to this game are bought here at school, they will cost only fifteen cents, whereas at the gate they will be twenty-five cents.

It's not every high school team that gets to play a night game on their first season, so let's all get out to this game and cheer our boys to victory.

**A MESSAGE FROM MR. SACKETT**

So far as I have been able to discover, everyone was delighted with Volume I, No. 1 of the PIONEER. I hope everyone is preserving his copy. Get the habit of preserving "original editions"! Our newspaper has been shaped according to the latest models of school papers of its class, both as to form and to style of printing. On the first page of the first issue you found a list of the people who are on the honor roll because of their record last semester. You found also the picture of our first football squad and a short write-up about the team. I suppose this number will contain the news of the team's first triumph.

All of this shows that the school paper is an important medium for keeping us abreast of the times in affairs of our school. Isn't it fine to see the pointer on that clock in the exhibition case creep around toward the desired numeral? I hope every student who can possibly do so will subscribe to the paper and thus cheer on the Editor's Staff for further editions that will be up to the standard of the first issue.

**SOUTHWEST SYMPHONY**

It is said that there is something about a peaceful environment that makes studying easy and almost pleasant. However, students at Southwest cannot make such an assertion from personal experience.

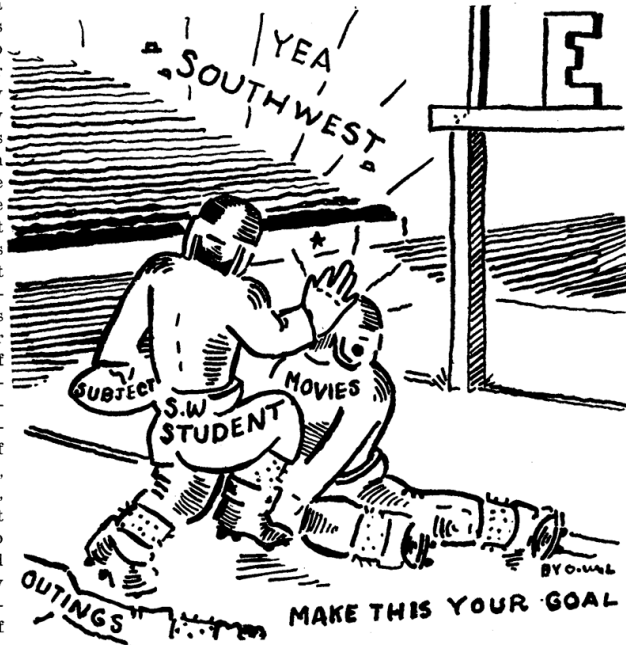

We have grown accustomed to the clanging and banging street cars and buses. Even the screaming siren of a fire engine fails to excite us now. Those of us assigned to study or recitation in rooms on the west end of the building at ten-forty-five eagerly await the next episode of "Our Gal Sunday," which can be heard daily on the radio across the narrow street at the rear of the school. If radios happen to be muted for a moment, chickens cackling in a yard adjacent to the school make our minds wander to the dear old days down on the farm, unless we exercise the greatest self-control. But there is a limit to the dominance of will power. No matter how hard we try, we cannot shut out the groanings of the steam-roller, as it labors on the surfacing of Boardman Avenue. The result of this confusion of noises is a curious throbbing about the temples. Most of us come liberally supplied with aspirin and make frequent exits for water to wash down these blessed little tablets.

**Do You Know That—**

1. We have Indian squaws who insist upon applying war paint in the Chow Teepee?
2. Carol Fisher's uncle made all the snow scenes for the movie, "White Banners"?
3. Mr. Gerber took pictures of the girls' gym class playing soccer on October 7?
4. Our lunchroom has sold more hamburgers in one day than there are pupils in the school?

**Over the Goal Line to Victory**

It's hard to make a touchdown, isn't it? It's not a simple task to carry that pigskin over the goal line to victory in the face of mighty opposition. And there's certainly a thrill in knowing that you have succeeded in the face of odds. Visualize that victorious player as any ordinary student who, instead of carrying a football, has tucked studies under his arm; instead of outwitting human beings, who are his opponents, he is overcoming the temptation of parties every night, movies twice a week, or other outings that keep him up late into the night; and instead of crossing an ordinary white line, he's crossing into the field of Excellency. That, too, is an attainment—to make all "E's." It gives the same kind of thrill as does making a touchdown. Everyone hasn't been gifted with the same powers of intelligence, but each person can always try and keep on trying. He can sacrifice his gay outings during school days. He can study in a thorough manner. He can brush those mental cobwebs away as he sits down to a well-equipped desk in a well-ventilated, well-illuminated room, and begins to work. He might get discouraged occasionally; but on report card day, when he looks at his card and sees the improvement in his grades, he'll have such a thrill that he'll keep right on trying and some day he'll make the goal of "E" in every subject.

**The Age of Speed**

It seems that "Stop and Go" signs are needed and needed badly in the lunchroom. The other day around the corner came a girl carrying a bowl of soup. Apparently there were no brakes, for she did not stop; and if I had not seen her in time, I should have had a vegetable soup facial. Another time, as I was waiting at the sandwich counter, a girl came breezing by and left half of her salad on my sleeve in her attempt to get to her table. Why all of this racing around? I have come to the conclusion that the person who said, "This is the age of speed," must have eaten in our lunchroom.

**SONGS WE LOVE**

On October 11 the Veiled Prophet made his sixtieth annual visit to St. Louis. His majesty, seated on a beautiful throne, was welcomed by throngs of people. Many people from Illinois and surrounding states could be seen crossing the Municipal Bridge to see this beautiful spectacle in downtown St. Louis. The floats this year were fashioned after "Songs We Love." Many of the songs depicted were sung by the crowds as the floats passed. After every second float there was a band that played the theme song of that float. The parade was cheered by thousands. During the week of October ninth, Miss Meyer, our music teacher, supervised the singing of these songs in our chorus classes and made many of us familiar again with some of these old songs.

## FASHIONS FACTS ANCIES

During the two weeks that have passed since the last issue of The PIONEER, three striking outfits have been seen about the school.

One is a two-piece suit of a lovely mulberry shade, worn with a contrasting blouse. Another is a black satin tailored dress with beautiful turquoise studs and links. A third is a kelly-green silk-crepe dress, long sleeved, with a touch of black velvet on the collar.

Costumes in such good taste as these add much to the pleasure of our school life.

If any of you have gone window-shopping downtown recently, you have probably noticed the gorgeous collection of evening gowns for the Veiled Prophet's Ball. They are rich in color, and most of them are extravagant in design. Hoop skirts, bare shoulders, ostrich feathers, modified bustles, and other revivals of different periods are presented. Lace, with a tiny pattern scrolled in gold is an interesting and exceedingly lovely fabric.

With the richness of line and color of the many flowing skirts and diminutive bodices, punctuated by the black attire of the escorts, the ball will present a vividness not often equaled.

Possessing neither the qualifications of the proper age, wealth, or social prestige necessary to attendance at this function, we, nevertheless, enjoy the panorama of brilliant gaiety that accompanies the parade and the ball of the Veiled Prophet.

### Beauty Hints:

Don't —

1. Comb your curls in the lunch-room. Your hair may "look a mess," but your immediate companions probably won't appreciate your energies.

2. Wield your lipstick and powder-puff in public. Your gentle color is supposed to be natural, so why advertise the fact that it needs helping along?

3. Combine violent rusts and wines. To those of us who aren't in the stages of color blindness, it comes as a distinct shock when we see the two colors used in close alliance.

Have you any ideas for the Beauty Hints Department?

### Have You Noticed?

The red heart Marlon Primrose is wearing? You think it holds a picture, but when you investigate and open it, it says, "Hi, you old goat!"

The brilliant colors worn on the left shoulder by the girls' soccer team?

Knitting in the aud, during noon recess?

The lovely little gold football, hung on a chain, belonging to La-Verne Rosenow?

Teacher: "Give me a sentence with miniature in it."

G. B.: "Is Minnie a chewer of gum?"

### Poets Discovered In English 3 Class

If you have noticed a few third termers walking along the hall with a far-away look in their eyes and mumbling in a constant monotone, they are probably members of the class that has just read "The Vision of Sir Launfal," and have been inspired by this great piece of poetry to attempt some compositions of their own. There was a good deal of chuckling in 407 when these would-be Longfellow, Poes, Burns, and Stevensons were called upon to read their works. The poems dealt with spring, movies, hair styles, school spirit, and strawberry ice cream. Following is the result of Mildred Shults' inspiration:

#### Sea Bathing

When I am bathing in a tub,  
I have to wash and soap and rub;

But when I'm bathing in the sea,  
The kindly waves wash over me.

Now this I know is very kind,  
And surely I no fault should find;

But still I think 'twould help a lot,  
If someone kept the water hot.

### SOCIAL DANCING CLUB LEARNS WALTZ

The first official meeting of the Social Dancing Club sponsored by Miss Hachtman, was held Thursday, October 6. At this meeting the members were taught the basic waltz step and the variations of this ever popular dance.

This club has three purposes: first, to teach the members to dance well; second, to help the members become acquainted with one another; and third, to increase the attendance at the school dances. How long the organization will last depends entirely upon the attitude of the members. Therefore the first few meetings will be for experimental purposes.

### SEVENS CHOOSE COLORS

The new seniors held their weekly meeting Wednesday, October 12. Blue and white were selected by the class as their class colors, and a party was planned for November 23.

**Southwest Conquers Central "B" Team At Stadium**

**Chas. Feeney Scores Touch-down And Point In Second Quarter.**

Thursday, October 13, is a day to go down in Southwest football history, for Southwest in its first competitive football game met and defeated Central's "B" team at the Public Schools' Stadium. The final score was Southwest, 7; Central, 6.

In the second quarter a touch-down was scored by Charles Feeney, and later he kicked the extra point.

The play by play description of the game is as follows:

1st quarter—On the kickoff Central fumbled and the ball was recovered by Dick Warren of Southwest. During a series of four plays Southwest failed to get a first and ten, the ball becoming Central's. After three downs Central kicked to Southwest's 25-yard line. Warren received the punt and fumbled the ball which became Central's again. Central scored on the next play on a forward pass. They failed to score the extra point. Warren received the kickoff and ran it to the Southwest's 25-yard line. Bischman then kicked to Central's 35-yard line.

2nd quarter—Central completed a forward pass and ran it to Southwest's 35-yard line. Southwest then gained possession of the ball in downs. Parmenter threw a forward pass to Donate who lateraled to Feeney who ran 25 yards. Parmenter then ran 10 yards for a first and ten. Feeney went through center for a touch-down. Feeney also kicked the extra point. Central ran the kickoff to their own 33-yard line. After two unsuccessful attempts at the line Central kicked. The ball was received by Schoessol who ran it on his own 45-yard line ending the 2nd half.

3rd quarter—Central kicked off and Feeney received on his 20-yard line and ran it to the 35-yard line. Parmenter on the fourth down ran the ball for a first and ten. A forward pass was good for another first and ten. Feeney then threw a pass but it was intercepted by Central, who ran it back to Southwest's 45-yard line.

4th quarter—Loving received the punt on his 20-yard line and ran it to his own 30-yard line. After time out Bischman got off a poor kick, going out of bounds on the 40-yard line. Central after several unsuccessful tries at the line kicked. Warren received the punt on his 20-yard line and made a

**GOLF TOURNAMENT SET FOR OCT. 15 AND 22**

Mr. Brew has selected six boys to represent Southwest in the fall interscholastic golf tournament. It will be played at the Forest Park eighteen hole course, one of the most difficult courses in or around St. Louis. The following boys compose the team: Number one man, George Kuehner; two, Bill Bensen; three, Bill Boehmer; four, Bob Fahle; five, Bob Baumgarten; six, James Moore.

The total score of the four low men count. Soldan is defending the cup with the same team that won it last year. Southwest, coming out third last year, has a chance to better its position this year. The tournament dates are Saturday, October 15, and Saturday, October 22.

**TICKET SALES CONTINUE**

It is impossible to determine exactly how many season tickets have been sold at the moment due to the fact that enthusiastic salesmen and saleswomen are continually making sales. About 630 tickets had been sold when The PIONEER went to press. The standing of the teams then was as follows:

Green .....	145
Purple .....	125
Blue .....	125
Gold .....	105
Red .....	80
White .....	50

very nice run up to Central's 40-yard line. Warren again ran the ball and gained ten yards for a first and ten. Feeney passed to Donate for another first and ten. Farotto fumbled giving Central possession of the ball. A series of completed passes by Central put the ball on Southwest's 30-yard line when the game ended.

The starting line-up for Southwest was as follows:

**CROSS-COUNTRY RUNNERS TO COMPETE AT STADIUM**

The cross-country team of Southwest is to meet Beaumont's and Roosevelt's teams at Public Schools Stadium on November 5, between football games. This should be of great interest since this is Beaumont's and Roosevelt's first try at cross-country running, while it is Southwest's second.

Last year at the race of a mile and a half held in Tower Grove Park there were nearly a hundred contestants. Since this contest proved very popular, another will be held this year to determine the team to represent Southwest.

Southwest is the first public high school to try this, but Mr. Kottkamp hopes to create an interest in other schools and to have the eight high schools enter this competition.
