REUNION  UTHWEST

The logo is a circular emblem for Southwest High School. It features a large, stylized 'V' in the center with the year '1937' below it. The words 'Southwest High School' are written in a circular path around the top, and 'SAINT LOUIS' is written around the bottom. The years '1966' and '1986' are positioned at the top left and top right of the emblem, respectively.

Omni International at Union Station

June 14, 1986

Hello, fellow classmates
The time has come again,
To reminisce, to join the fun
And greet old high school friends.

Amazingly, it's been ten years
Since last we got together
Twenty years - does that seem real?
It's difficult to remember

Our first grandchild has appeared
Amazing though it seems,
Just wait until the 30th
More "Grand" ma and pa's will make the scene.

Let's dance the old "Imperial"
It has a familiar ring,
How about the Dog or Twist?
It's okay, do your thing!

To those who couldn't join us,
We're sorry you're not here
We hope to see you at our next,
To this, we are sincere

A little bald, a little weight,
A little rearranged.
Look around, greet them all,
We really haven't changed!

Miss Corine Hachtman (Senior Advisor)
Mr. Robert M. Young (Principal)

So many things have happened.
Since they were called away.

So many things to share with them.
Had they been left to stay.

And now on this reunion day,
Memories do come our way.

Though absent, they are ever near,
Still missed, remembered - always dear.

Dear Classmates:

Twenty years ago we sat on the stage of the Southwest Auditorium (January) or Kiel Auditorium (June) knowing we would never again be together as a complete class. Tonight we are finally with each other again renewing old friendships and also thinking of classmates who are not with us.

Over a year ago we began to plan this reunion. It has not been easy. There have been times of discouragement and disappointment, as there are many classmates we were unable to locate. But it has also been exciting to hear how twenty years has changed our lives, and to share that information with all of you. We all realize now the real meaning of our class motto (June, 1966), "our tomorrows shall too soon be yesterdays".

JANUARY CLASS OF 1966

Carol Ann (Anzalone) Langan
9319 Rambler
St. Louis, MO 63123

Paula (Arbeiter) Davis *
286 Greenbriar Estates Dr.
Des Peres, MO 63122
(314) 966-4450

Paula received her B.A. in Education from Stevens College in Columbia, Missouri. She is an avid antique collector and has turned her hobby into her business. She has part ownership in an antique store in Eureka. She spends her other time buying and selling her antiques and promoting mall antiques shows. She likes to garden and just recently back from a cruise.

Paul is married to Jack, a sales manager at Fischer-Frictel. They have two sons, Josh (13), who is in the process of writing a screen-play and Brian (9), who spends his time playing little league baseball.

Gary W. and Carolyn (Milcic) Arnold *
11901 Cato Drive
Florissant, MO 63033
(314) 921-0893

Gary and Carolyn married in August, 1970. They have one daughter, Susan, who is 9 years old and will enter 4th grade in August. Their lone dear pet, a "Heinz 57 Variety", dog is called "Sandy" (even if she is black and white!!). They have had goldfish too numerous to name.

Carolyn graduated from Missouri University, Columbia in January '70 with a B.S. in Education. She has been teaching Home Economics for the past 15 years - with a couple of years off when caring for their daughter. She is currently teaching at Incarnate Word Academy. Her hobbies include various arts and crafts.

Gary attended University of Missouri, St. Louis and Washington University. He served 4 years in the Navy with duty in Washington, D.C., Viet Nam and Japan. He is currently employed as a Home Improvement Sales Representative. Gary's hobbies include golf and photography.

They have traveled in Missouri, Texas, Colorado and Florida.

(314) 644-2129

Patrick B. Barry *
11340 Terry Avenue
Bridgetown, MO 63044
(314) 291-5915

Patrick is married and has 2 children, a son, Charles, who is 16 and a daughter Darla, who is 12. His wife's name is Mary. He is an aircraft technician for Ozark Airlines. He has just completed 20 years with Ozark. He likes to hunt and fish. When the weather is warm, you'll find him on the golf course.

David J. Bergmann
Rt. 1, Box 1723
Glencoe, MO 63038
(314) 458-3780

Dave is the General Superintendent of Chapman Brick, Inc. His wife, Karen and he travel regularly - mostly to Las Vegas and Mexico. He spends his spare time in the air flying or you can spot Dave on the streets in his new, red Corvette!

Dianna (Berra) Pozzo

Linda (Bippen) Schoeneberg
1513 Missouri Street
San Diego, CA 92109
(619) 270-0392

Since our last reunion, Linda has been living in America's Finest City, San Diego! She has been employed by the City since 1978 and she is currently the administrator of an incentive program which awards employees for thinking of ways to improve operations and/or save money. She has a teaching credential from the University of Missouri, however, California doesn't allow full reciprocity so she is attending San Diego State part time and plans to be a Reading Specialist within 2-3 years.

Free time is filled as President of a Toastmasters Club, Secretary of the City's National Management Association chapter and active membership in Pi Sanda Theta (an honorary educational society). She also enjoys exercising, reading and when allowed mothering her 16 year old son, Wayne, who hopes to attend UCLA next year. She's had several memorable vacations in Washington, D.C., Hawaii and San Francisco, Yosemite and the Grand Canyon but there's still no place like home - San Diego that is!

Long Beach, CA 90815
(213) 597-3228

Dondi didn't realize how her life had changed until she saw herself referred to as "Carole" on our list. No one calls her that anymore. When she left SW, she trained for the airlines and the nickname "Dondi" has stayed with her ever since.

She graduated from Harris Teacher's College, moved to California and finished her Master's degree at California State University in Long Beach. Dondi was overweight in highschool but she has managed to slim down as an adult. She keeps slim by swimming, gymnastics and wind surfing. She loves the ocean and likes to jog at the beach.

Dondi's work as a Reading Consultant and Educator for the LA Unified School district keeps her busy and is very rewarding!

C. Michael and Chris (Sraga) Cobb *
2287 Eisenbath Road
O'Fallon, MO 63366
(314) 327-4829

Mike and Chris Sraga are classmates and married in May, 1967. They are the proud parents of three beautiful daughters; Betsy 18 (a senior), Amy 15 and Erin 9. Their household also consists of their cat, Casey and their yellow labador, Sonny. They have had the opportunity to do some camping in western United States but now that the girls are older, their travels revolve around spots in Texas and Florida. They love the ocean!

Currently, Mike and Chris are busy operating their own flooring business, participating in church activities and just enjoying the girls - trying to make the most of the time left!! As a family, they enjoy cruising the malls (the girls first love), fishing, boating and canoeing. If there is a little spare time to be found, you'll find Chris baking, cross stitching or framing and Mike will either be target practicing with his guns or bow or riding his tractor!

David Conner *
Brunei, Borneo

David currently lives in Brunei which is sultanate on the NE corner of the island of Borneo. David works for Citicorp Bank. He is married and has two children. David and his wife, Selina met in Nepal while he was serving in the Peace Corp. They have lived in New York, Tokyo and Sydney, Australia. David has an MBA from Columbia University. His hobbies include rugby and polo.

Francis J. Courtney
824 Pebble Lake
Ballwin, MO 63011
(314) 256-8769

Four months following graduation Frank entered the military and served as a radio teletype operator. He was married to Judie Greenway, a June '66 graduate and he has two daughters, Amy (11) and Tara (14). Frank has been employed by AT&T for the past twenty years and presently holds the position of Senior Methods Specialist for the St. Louis Financial Operations. His occupation requires him to spend a good deal of time in New Jersey, North Carolina and Georgia along with periodic trips west. He enjoys playing golf and tennis but his most favorite past time of late is paying money to stock brokers so they can make lousy investments for him.

Phil and Sharon had their first date at our senior prom and were married in June '67. Phil worked various jobs while attending school. Sharon worked at General American Life. In 1969 Phil enlisted in the army and was sent to

Viet Nam. Their son, Phillip, was born in April '70. After Viet Nam, they moved to Ft. Riley, Kansas, while their daughter, Deanna, was born in November '71. They moved back to St. Louis in January 1972 and lived in Fenton. Phil worked for Bianco Manufacturing and finished college. In 1977 Phil became plant manager for Bostrom Division of Universal Oil in Festus, Mo. In October '79 they were transferred to Jacksonville, Alabama. They lived in Alabama until 1983 when they moved to Sumter, South Carolina. Phil is Operations Manager at Allied Bendix Corporation. Sharon has been a homemaker.

They love living in South Carolina. Their free time is spent on the golf course, at the beach, or fishing. Their son, Phillip, plays trumpet for the Sumter High Marching and Symphonic Bands, and is on the soccer team. Deanna plays golf and is on the tennis team.

Sharon also plays a lot of golf and stays busy with volunteer work at school, band boosters and Newcomers Club.

Paul Else

Dave Fannon *
6405 St. Thomas Ct.
Mobile, AL 36608
(205) 342-0399

After good ol' Southwest, Dave went to Mizzou and ended up with a degree in Mechanical Engineering. He went with an air conditioning manufacturer and trained in Wisconsin. He felt the best place to be to sell air conditioning was where it was hot and spent the next few years in Columbia, South Carolina, then Birmingham, Alabama and finally to Mobile on the Gulf Coast. He is now a partner with three guys in a mechanical contracting firm that contracts piping, plumbing, air conditioning and maintenance for commercial and industrial projects. His work is mainly along the coast in Louisiana, Mississippi, Florida and Alabama. He married a wonderful, southern girl named, Sarah and they have two children; Kelli (7) and David, Jr. (4). Through his business they have traveled to Brazil and Hawaii and throughout Europe and the Caribbean and have a trip to England planned this fall. He has been wondering lately if anyone else has found out that "the battle of the bulge" has nothing to do with WW II.

Dennis M. Flores *
4617 Dorbendale Court
St. Louis, MO 63128
(314) 487-2680

Dennis is President of his own corporation, not international, not even national which employees not thousands of people, not even hundreds but 20. He does commercial painting, etc. His Vice President and wife and Chairman of the Board is Darlene and together they have 2 boys, Tony (14) and Mark (12) - future Board of Directors. One dog, 3 white mice and a bird are the only other living things in their house. They have a couple of degrees from Washington University. Their world travels include such exciting far away

places as England and Cancun, Mexico. He fought the Viet Nam war in Fort Carson, Colorado, flying helicopters. The most interesting and humorous thing is that he has painted Southwest High School and not with spray cans and 4 letter words.

Terry L. Forst *
4348 Hartford
St. Louis, MO 63116
(314) 772-8811

Terry is currently employed by Cummins Mo., Inc. as a mechanic since August, 1976. During this time frame he has attended several A/C Delco seminars on electrical systems, attended an electrical power generation class given by our parent company, The Cummins Engine Co. in Columbus, Indiana and is currently enrolled in an electronics training course administered by employees through Cummins.

He has served four years active duty in the United States Navy spending 18 months in Viet Nam. He guesses he was one of the lucky ones as he had a chance to move around. Nine months was spent at N.S.A. Danang. During the Danang tour lost craft due to enemy action. His second 9 months was served on board the U.S.S. Satyr in the Mekong Delta region. The Satyr was a combination support and repair ship for the Brown Water Navy. He was reassigned at the end of his extension to U.S.S. Los Alamos at the Navy submarine base at Holy Loch, Scotland. The Los Alamos, a floating drydock was used to take the subs out of water for hull repairs and inspection.

After separation from active duty he affiliated with Navy Reserve attaining rate of EN1; ended participation in early 80's.

Terry has a black cat names Lucky that seems to think she is the boss.

Marital status is unchanged - single, still looking.

Hannibal, MO 63401
(314) 221-1815

Evelyn is a homemaker and has been married since 1970 to Patrick Andrews, a '65 grad from Cleveland High School. They have two boys, Aaron who is 10 and Jonathan who is 3.

She went on to attend college and graduated in 1970 with a B.S. in Marketing from Southern Illinois University in Edwardsville. In 1981 she received an MRE degree from New Orleans Baptist Theological Seminary.

During their marriage, they have lived in St. Louis, Wentzville, Hannibal, New Orleans, Mineola (Mo) and at present in Hannibal again where her husband is pastor of the Antioch Baptist Church. She takes an active part in the life of her church and in her husband's ministry. Their life is very busy, never dull and full of surprise.

This past October, she made her first trip overseas. She went to Scotland to visit her pen pal that she has been writing for 25 years. The trip was a 15th wedding anniversary gift from her husband and it was truly an exciting adventure for her.

They have lived in Virginia (near Waltons Mountain); Atlanta, Georgia; Chicago, Illinois and moved back to St. Louis 9 years ago. He has graduated from Washington University (night school) with a degree in economics. All his activities i.e. racquetball, golf etc. have been suspended due to recovery from a broken leg. By the time of the June reunion, his son Scott, will have completed one year at Cape Girardeau. His daughter, Kim, is half way through Clayton High School and is captain of the junior varsity cheerleaders. His wife, Nawana, is President of her own redevelopment company and has successfully completed her first project. Jim is self-employed as a financial consultant/money manager.

Kathy's husband, Al, is a graduate of DuBourg. He is a successful sales rep for John Hancock. She is in the central legal offices at HFC since last

October. Prior to that she has been successful in the cosmetology business. Last year, she won a mink coat of her choice and a \$300 shopping spree. All of the cosmetology world is great - yet she needed a new challenge. HFC has provided that for her.

Her son, John, is 15 years old and in ROTC at school. Stephanie is 14 and Michelle is 13. Both girls are in pom poms.

As for travels, they do go alot. They usually take the kids twice a year to Branson. Al and Kathy have been to Las Vegas, French Lick (Indiana) and California (Monterey) most recently.

Hobbies include going out dancing about once a month. Of course, fishing is real relaxing. That's Al's #1 hobby. She is more varied as she also enjoys ceramics, plants and music.

St. Louis, MO 63109
(314) 353-6375

Joel still lives in South St. Louis. He didn't marry until he was 32, so he got a late start on a family. His wife, Len, is from Rock Island, Illinois. They have two beautiful daughters. Elizabeth will be 5 in October and Emily will be 2 in June.

He has worked for Social Security since April, 1973. Prior to that he was in the Army for 3 years with a year in Viet Nam.

After graduation in 1966, he worked and went to school, off and on, until early 1969. The service came next and he was discharged in April, 1972. He did nothing for a year after that but play handball and goof off.

His interests and activities now center around his wife and children. He has been running daily since about 1975. Prior to being married, he took trips on his motorcycle throughout the country, but family life offered many other wonderful and less dangerous things to do and he retired his motorcycle.

Chicago, IL 60657
(312) 880-0153

After working for several large, cold, uncaring corporations, Dennis Hayashi decided to strike out on his own on December 1, 1985. Today, he has managed to fight off unscrupulous bill collectors, win the admiration of his peers and discovered the meaning of the adage, "all glory is fleeting" or as they say in the ad bizz, "you're only as good as your last award!".

His new company is Media Options, providing creative services in script writing, design and copywriting of corporate image brochures, and business to business communications programs including sales, marketing and training materials. Dennis is married to Nancy Nevin, a transplant from Springfield, Virginia. Nancy is a consumer affairs publicist for the Quaker Oats Company. They had their first child, a little girl named Kristin Diane, on July 25, 1985. Rumor has it that the arrival of Kristen marks the final passage into real "Adulthood" for Dennis ending his long period of adolescence.

Craig went to Meramec Jr. College for one year and Southeast Missouri State until graduation in 1970 with a B.S. in Chemistry. The Army grabbed him from 1970-72, then they sent him to Germany for one year as a radioteletype operator. In 1972 he moved to Kansas City, MO to work as an Investigator for the Food and Drug Administration. He inspected food, drug and cosmetic manufacturers. In 1975 he met and married Jean Stokes, an interesting lady. While he worked for the government, she was starting up a photography business. But finally they could no longer stand life with the government and a career move took them to Ft. Wayne, IN where he was a Regulatory Compliance Coordinator for Central Soya Company in 1979. Jean gave up the business for a daughter, Sarah, in 1980. But in 1982, the Central Soya rang around financially and a career change was at hand again. This time it was back to St. Louis as a Field Engineer with Pepsi-Cola. He was responsible for the product quality from 17 plants in four states. Soon the travel and pressure took its tolls and finally one more job change - to Sigma Chemical Company in St. Louis as Compliance Manager. Sarah is about to start school and Jean is looking into career opportunities again. At the moment, all is well with the C. Hirsh's.

Darlene Ketten
72 Leonard St.
Malden, MA 02148
(617) 324-7272

From Southwest, Darlene went to Washington University for a bachelor's degree in biology and french. As a career, the biology won out: M.S., biological oceanography, 1979, M.I.T., Cambridge, Massachusetts; Ph.D., marine sciences and neuroanatomy, Johns Hopkins University, 1984, Baltimore, Maryland. Besides those 2 places, she has lived and worked in Washington, D.C. (Smithsonian Institute); Miami, Florida (Rosenstiel School of Marine Science); Tallahassee, Florida (Florida State University); and very briefly in Dallas and St. Louis. Her career combines marine biology and medical research. Currently, she is back in Boston working as a postdoctoral fellow for M.I.T. and Massachusetts Eye and Ear Infirmary where she is applying techniques she developed at Hopkins Hospital to use CT scans to investigate the shape and function of dolphin ears (to see how they were able to perceive ultrasonics) to human patients that are candidates for cochlear implants. Most of this work depends upon computer reconstruction techniques.

Darlene is unmarried with no children. As hobbies, she likes to travel whenever and wherever possible. In the last ten years, she has been to a fair bit of Western Europe, the Caribbean and one extremely short trip (1 day) to Morocco. As recreation Darlene enjoys scuba and snorkeling and food - cooking and eating. She can recommend the East Coast as a place to live, once you get over the prices, but she can't say the weather in Boston is her favorite.

A note on Southwest: Would you believe Mrs. Morrissey's English class turned out to be one of the most valuable she took?

After he escaped Minot (if you've been there you would know what he means) he attended graduate school at St. Louis University, School of Medicine and earned his Ph.D. in Biochemistry.

Since 1981, he has been employed with Abbott Laboratories at their world headquarters located in North Chicago, Illinois. All of those long years in school was worth the effort. It enabled him to become involved with a very new and exciting area of research - the developing and marketing of diagnostic tests for AIDS. His current position is Project Manager for a new assay of monitoring AIDS antiviral therapy.

He is married and his wife, Kathlee and he make their home in Wildwood, Illinois, one of Chicago's far north suburbs. He also has a 13 year old daughter, Danielle. Kathlee was a travel agent but now works for United Airlines, so needless to say they enjoy a lot of traveling. Howard's wife's name is Beverly and they have three children; Veronica (23), Virgil (21) and Valerie (16) and one granddaughter named Rachel (3). All of his children either work for him or have worked for him at one time or another.

Howard's hobbies are cooking, fine wines and horseracing. His quest to operate the best restaurant possible has taken him to every corner of the great nation. He loves baseball, football, basketball, hockey and soccer. He received the first full scholarship ever awarded by the Missouri Restaurant Association. Howard attended the University of Missouri, St. Louis (UMSL) and has received national recognition on various cooking techniques.

Howard is very proud of who he is and what he has been able to do for hundreds of young people starting in the work force by giving them their first job and helping them take that first big step toward responsibility. His proudest moments are when a former employee who started to work for him as a high school student calls and says, "Boss, I just received my Ph.D." or "I'm working in the White House" etc., etc. etc.....

Howard reflects that our teachers at Southwest prepared us for the future and Howard thinks every employer has the duty to take a little time to help the youth of this country get off to a good mental working start. Howard loves Southwest and Doris Layman, the former dietitian at Southwest who first got him interested and started in the food service industry.

Cheryl is a Certified Public Accountant and is married to John Heddell, (January '65) who is also a Certified Public Accountant. They opened their full-time office at Hampton Village three years ago and enjoy working together. They have six children - two adopted children, Pete and Linda, who are both now married and having their own families - and four natural children, Jack, Susan, Jenny and Jay. They obviously like children and most of their lives revolve around their family. They didn't realize how very happy they were until Jack was stricken with a brain tumor in May, 1985 and the bottom fell out of their lives. However, family and friends gave freely of their time and funds to pull them through. Their faith has increased and they feel blessed to have such caring people around them. Their family hobbies include camping and fishing. Going back to school has kept her personal hobbies to a minimum, but she enjoys reading, counted cross-stitch and sewing. They are actively involved with their church, where they enjoy teaching the Junior High Sunday School Class.

Some of those helping them were Southwest graduates - Mike and Chris Cobb, Doug and Carol Raney, Rich and Chris Reeves, Patty Prall, Phil and Debbie Gilbert, Terry Tolliver's family and Baker and Taffy Ottofy.

Bob spent two years at Principia College in Illinois and two years at the University of Missouri at Columbia. He graduated with a BA in History, 1970. Bob joined the VISTA Volunteer program and worked for 18 months in a black-led, anti-poverty program in New Jersey. Two of his fellow VISTA's and himself banded together in a business partnership originally opening a natural food store in Gunneson, Colorado. They then retreated back to the Ozarks of southern Missouri and bought an 80-acre farm to raise pigs (rather unsuccessfully) and he also worked several months at a local sawmill.

Bob began working part-time for his father as a traveling billiard table mechanic in 1973. He installed new tables and repaired old ones in Missouri, Arkansas and Illinois. In 1979, he moved permanently to Little Rock to work at Jones Brothers Pool Tables, a retail store his father owned. Bob became President and General Manager of the company in 1982 and has followed his family's tradition by becoming the fifth generation in the billiard business.

Bob's travels have included a summer working as a camp counselor in Hawaii and a summer mountain climbing in the Swiss Alps. In the 70's, he hitch-hiked around Nova Scotia and the Northwest Coast of the United States. In 1978, he traveled for 10 weeks around the Western United States camping and hiking in National Parks and covering pool tables whenever he could find a job.

Leisure activities include backpacking, canoeing and camping. He keeps two cats as pets and raises a garden every year. Bob is still single.

The most humiliating experience Bob can remember from Southwest was the Hello Day Dance our senior year. The Student Council officers and himself let their ultra-conservative adviser, Mr. Brynes, have his way in not allowing a rock-and-roll band to play that evening. Consequently, most of the juniors and seniors boycotted the dance and went elsewhere to hear the "Safaris" band. About 160 people, mostly freshman and sophomores, attended the Hello Day Dance to hear the stirring rhythms of a middle-aged polka band. Jeff McClellan and Bob spent that weekend camped out in a cave.

Graduation from Southwest took Buddy to Meramec College for a year of bad year grades and good fun. His enjoyment enabled him to qualify for the draft. Buddy opted to enlist in the United States Marine Corps. After his discharge, he enrolled at St. Louis University in September of 1970. At the end of his freshman year, Buddy married Denise Boland. Denise taught Special Education for the Special School District until the birth of their first child, Tom, in February, 1974. After his graduation in June of 1974 with a BS in Marketing from S.L.U., he went to work as a sales representative for Beacon Paper Company. In May of 1975, their second child, John was born. He left the paper business in 1977 and went with a firm called Mortgage Associates as a mortgage banker. In October of 1978 their third child and only daughter, Lucy was born. In July of 1980, Buddy left the mortgage business and entered his present career as a sales representative for Nies/Kaiser Printing Company. In September of 1980 their fourth child, Andrew was born.

Their leisure time is spent doing what most families do, taking children to and from ball games, dance lessons and trying to fix broken things around the home.

Buddy hopes this message finds everyone in both the January and June class happy and in good health.

Carla Sue (Tanner) Fair *
1420 Grace Street
Allentown, PA 18103
(215) 791-1061

Carla Sue has not spent very much time in or around St. Louis. The first two years were spent at Southwest Missouri State where she met her first husband, Jim (and her last husband, her only husband and now after 15½ years, her ex-husband). She calls him her first husband because she intends to have a second or third or whatever!

From Springfield they went to Junction City, Kansas - courtesy of the United States Army. From the barren land of Kansas they moved on to Knoxville, Tennessee. While in Knoxville, they were blessed with a wonderful little boy, Marc. He's all of 14 years old now and the absolute joy of her life.

Then on to Allentown, Pennsylvania to join the real working world with Kraft Foods. Since she's been there she's tried out quite a few careers! Her first and favorite was "Mommie". She's also been in the Quality Control Department of a candy company - a very "sweet" position but not very good for one's waist line. From there she became a manager for Tupperware Home Parties - that was a good one for her - she could talk a lot!

And now she's firmly entrenched as a neuro diagnostic technologist at the Lehigh Valley Hospital Center - there in Allentown. In her spare time she works for two groups of private physicians doing diagnostic studies. So between her three jobs, her 14 year old son, 3 year old daughter, a puppy Pug, named Wrinkles - she is kept very busy. What empty time she has is spent reading, playing bridge, star gazing, going to health club and doing counted cross stitch. During warm months, camping at the New Jersey Shore and enjoying the outdoors are her favorite.

Gail (Williams) Wright
Rt. 2, Box 501F
Danville, VA 24540
(804) 797-9154

After attending Carson-Newman College in Jefferson City, Tennessee for four years, Gail began teaching high school physical education in Henry County, Virginia. She taught high school P.E. for nine years and she now is teaching elementary P.E. Her husband, Norman, is a letter carrier for the Post Office in Danville, VA. They don't have any children at the moment but do have 2 large German Shepherds and are currently raising a litter of nine pups. There's also a cat.

They are both involved in music. Norman takes fiddle lessons and Gail takes piano lessons. They have a large selection of records of all kinds and own several instruments (mandolin, guitar, violins, etc.). They travel every summer, usually to a new place. They've covered Maine and Michigan in two trips and plan to go to the Grand Canyon and the Grand Teton Mountains. They also read a lot and Gail does needlework and work on geneology.

Janet (Veazey) Williams *

Dallas, TX 75252
(214) 380-2543

Janet graduated from Southwest Missouri State University in 1970 majoring in marketing. She certainly has moved around a lot but thinks they're in Dallas to stay. She has two daughters; Courtney (8) and Reagan (4). While married, she traveled quite a bit both in and out of the country. She spends her free time playing tennis and golf and when she can, snow skiing. In her spare time she works for a living (she likes to think of it as extracurricular) for a mortgage company putting real estate packages together - mostly interim construction and commercial loans. She would like to eventually do some appraising also.

Diane (Winterer) Blumenfeld *
8 Sackston Woods
St. Louis, MO 63141
(314) 567-1584

For the last 18 years, Diane has been working as a registered nurse at County Hospital. Gordon, her husband, works for St. Louis County as an accountant. He is an avid softball player, bowler and HAM radio operator. Amy, 10 years old, is very active in scouting and dancing. This year most of her "extra" time was spent dancing with the Little Steam Heat Line at the Steamers' soccer games. Aaron, her 8 year old brother, likes to sit back and watch her work. His great interests include cartoons, soccer, cartoons, reading, cartoons and anything with sugar added. Adrienne, the "graduate", is 18 and plans to become a dental hygienist. Diane stays very busy working as a nurse, as a semi-professional volunteer at Bellerive School (don't get Gordon started on that topic!), and as a car pool specialist. She still enjoys sports, although it seems that time only permits her to be a spectator.

Diane asks, do you remember when only the cheerleaders could wear culottes?! WOW! Have times changed.

Presently, Joan does free-lance photography in the St. Louis area. She also teaches photography at St. Louis Community College - Meramec. She received a BFA in photography at Webster University. Joan and James Cross are still married. They have two children (Steven and Rebecca) and a poodle named Snuggles. For the last four years, their vacation time was spent in Canada: Thunder Bay, Toronto, Kinston, Montreal and Ottawa. This year, who knows. They're in the process of moving and there is no way to tell how much time this will take.

Frank Zilm *
1315 W. 50th Terrace
Kansas City, MO 64112
(816) 561-7186

Frank is married to his wife, Peggy, and has two children - Greg (7) and Andy (3). Over the past twenty years he has lived in Lawrence, Kansas where he graduated from Architecture School in 1971; Ann Arbor, Michigan, where he got a Doctorate and a wife in 1974; San Francisco; and Kansas City. He has a planning and consulting firm - Frank Zilm & Associates, Inc., which specializes in health care and research facilities.

During the past several years, they have had the opportunity to travel to a number of countries, including France, Italy, Mexico and Panama, where he presented a paper on hospital design. Actually, he thinks he's spent half of his life in the St. Louis airport, trying to get somewhere else.

Frank's major hobby is an effort at keeping sane while helping raise two children. Other hobbies include classical guitar and running.

Persistent rumors of his death in an automobile accident appear to be, to the best of his knowledge, unfounded.

Jane graduated from Indiana University in Bloomington in 1970 with a B.A. in Political Science and History. She worked briefly at banks in both Indianapolis and Columbus, Ohio before entering graduate school at Ohio State University in 1973. She earned her M.A. in Political Science in 1976 and began work on Ph.D. dissertation (topic: The Power Structure in the U.S. Senate). In 1978, Jane joined the faculty at Denison University in Granville, Ohio, teaching courses in American Government and Politics. She married James E. Harf (Ohio State University Professor of International Politics and National Security) in 1979 and "retired" from Denison in 1981 when their daughter, Marie Elizabeth, was born. She now teaches French at her Montessori School and hopes to expand the language program to other area pre-schools. As a family, they love to travel, having spent the last two Decembers in England and Scotland. She enjoys swimming (at least a mile each week) collecting American Indian arts and crafts and cheering for the St. Louis Cardinals!

Mike Baylard *
1319 Samoa Drive
St. Louis, MO 63126
(314) 966-8061

Mike is, at heart, a singer and keyboard player. In the 60's he was a member of the popular band, the PACEMAKERS, and played for 2 Southwest High dances - Miss Southwest dance and "Mad Day" dance, both in 1966. He still plays in "The 1967 All-Star Band" group with Dave Baylard, a drummer and lawyer and 1968 SW graduate.

He is 37, married since 1976 to his wife, Linda, an assistant director of imports at Brown Shoe Company. They have one child, Michelle, who is 5½ years old and in kindergarten. Mike is a sales support person in marketing at AT&T Information Systems.

Mike's memories of Southwest include playing the VOX electric organ for 2 "Hello Days" with Bob Rogger, Dave Baylard, Joe Rumbolo, Terry Whelahan, Dennis Flynn and Gary (Records) Brown.

Roy has lived in "West County" since graduation from University of Missouri, Rolla in 1971 from where he earned a degree in civil engineering, and also played on the varsity tennis team.

He has worked for some general contractors in the area as an estimator, construction engineer, project manager and for the past 6 years has been contracting manager of HBE Corporation.

He has traveled Europe, Greek Isles and the Middle East in spring of 1982 before terrorists made it unpopular; lately he has been gambling in the Bahamas.

He still plays tennis year around (his tennis elbow feels like he has been playing for over 30 years - actually he has) and takes his skis whenever business travel takes him to the mountains.

(314) 281-1372

After leaving Southwest, Fran attended Central Methodist College, Fayette, Missouri. Upon graduating in May, 1970 with a B.S. in Education, she taught in Paris, Missouri for two years. From there life led her to Lancaster, California where she taught high school P.E. and coached tennis, track and field, basketball and volleyball; not to mention drill team and cheerleaders. Amidst her busy schedule, she worked on her Masters, but never completed it. Fate then brought her back to St. Louis in the middle of the educational financial crisis. After two years of substitute teaching, she left teaching for the retailing world to which she still is a member. She has been with Venture for eight years. She is presently the storage supervisor for 35 stores.

She is still looking for "Mr. Right" while keeping busy with her career and traveling.

Allen R. Bennett *
Rt. 2, Box 959W
DeFuniak Springs, FL 32433
(904) 834-3376

After leaving Southwest, Al joined the Army, became a helicopter crew chief and door gunner. He spent a year in Viet Nam where he earned 22 air medals. The remainder of his service was spent near Savannah, Georgia.

After his discharge from the Army, Al moved to Naples, Florida and worked as Assistant Manager of Eckerd Drugs for 2½ years. He was then employed by United Telephone Company as a lineman, then installer repairman and finally cable splicer for 12 years. Three years ago Al and his family bought and moved to a 10 acre farm in the Florida panhandle. He is currently working as a telephone contractor throughout the Southeastern United States.

Al's hobbies include working their garden, raising animals and taking care of their mini orchard. He has been an officer in the Naples Jaycess and a Naples Club. He enjoys hunting and reloading his own ammunition. His wife enjoys sewing, reading and processing garden foods for their own consumption. She also has a Florida Real Estate license.

Their children are both active in school. Their son, Eliot will graduate this year. He is in the band and math club, is on the baseball team and is into computers. Their daughter, Kim, will graduate next year. She is a member of the Spanish Club, FHA, Youth for Christ, band and is a cheerleader this year.

The Bennetts have many pets, living on a farm; but they think the most unique are a siamese cat and parakeet who love to play with each other.

Linda K. (Kathy) (Bennett) Seitrich *

(314) 351-9931

Currently, Kathy is Chief Financial Officer for Cejka and Company, a "headhunting" firm placing physicians and surgeons across the country. She is married to Ron Seitrich (Class of '65). She says she had the common sense to stop with two children, Jason (14) and Jennifer (11). She assumes personal interests went to pot with the kids. Both are active in sports and summers particularly are spent camping out at one ball field or another. Ditto that for basketball courts, football fields, soccer fields, etc. Kathy is growing "old" gracefully and for the most part enjoying the devil out of what life has had to offer these past 20 years.

Kathy (Bickerstaff) Sallee
2700 Crestview Drive
Las Cruces, NM 88001
(505) 522-5008

Kathy lives in Las Cruces, New Mexico. Yes, English is spoken there - New Mexico is part of the United States. Kathy is presently co-owner of a small craft business called Desert Designs and sculpts small Kachinas. In addition, she is substitute teaching and court reporter for Social Security Appeals Boards out of Albuquerque. Finally, she is a member of the New Mexico Citizens Review Board making monthly recommendations to the Court on foster care cases.

Kathy has completed a B.A. from Phillips University in Oklahoma and Masters in Educational Guidance and Counseling from Southwest Texas State University. She married Alvin Sallee of Albuquerque in 1971. Their son, Charles was born in 1976 - it appears this sweet kid will be 6'7" tall according to doctors. Of course Alvin and Kathy are no midgets. Yes, he is athletically coordinated and smart to boot. In 1976 they moved to Las Cruces where spouse is Associate Professor and Head of Social Work Department. She worked as an academic advisor for 5 years. In 1980 they were blessed with the birth and adoption of Joan - whom they were lucky enough to rescue from Texas. She is their resident musician, ballet star and singer and beautiful little girl.

Their lives have been hectic with foster kids, their own wonderful children, foreign students, regular students, political action groups, friends and family. Their favorite summer past time is volleyball in the swimming pool and traveling. One of their least memorable experiences was searching out all the natural Hot Springs in Southern New Mexico. Soaking amongst the cows in the middle of open range must have been interesting.

Becky (Hicks) and Lackland have been married for 16 years. They have two children, Lackland III (12) and Jason (7). They met while they were seniors in high school (she graduated from Valley Park) and were married four years later. Lackland graduated from college at Southern Methodist University in 1970 and from law school at the University of Michigan in 1973. Becky graduated from George Washington University with a degree in education in 1977. Since graduating from law school, he has clerked for a judge in Houston, Texas for one year, practiced law in Washington, D.C. for four years and taught at Southern Methodist University School of Law in Dallas for the past eight years. They both play a lot of tennis and travel in the West during the summer. They try to get back to St. Louis once or twice a year. He had a great time at Southwest and learned some things as well. He wishes he could do it all over again. Lackland says, "So many funny things happened, it would take all night to write them down. We'll talk about them in June."

Most of Beth's friends complain that she takes up too much room in their address book but she thinks this time, they plan to stay put: the next five years in Austin, Texas. It wasn't always so simple. After an undergraduate degree from St. Louis University, she spent a year on a Fulbright to Germany; then four years and a doctorate in comparative literature from Stanford. By that time she had met and married Hector Moreno, a research physicist from Mexico City. Beth's first teaching job was at the University of California and yes, they commuted, Mexico City to San Diego. Eventually they tired of meeting in the airport, so a domestic period followed: four years in Mexico City, their first child, Catherine, and "mastering the art of Mexican cooking". By 1979, they had returned to St. Louis where both of them taught at Washington University. When Hector was offered a job in the computer industry, they migrated to Silicon Valley and found themselves once again in earthquake country. She taught part-time at Stanford and gave birth to little Hector who now at the age of four, is a confirmed computer junkie (20,000 points in Radar Rat Race). Last spring a new research opportunity opened up for Hector in Austin, so Beth cleaned closets and tried to convince herself that the children would look cute with bow legs and a drawl. Beth won't be able to make the reunion because escaping the heat in Austin is crucial this summer. They are heading for the north woods where she hopes to answer the question, "Is there life after children?". (Hopefully so, in technical writing or editing.)

Sharon (Sherry)(Boneau) Droege *

Sherry is a marketing representative for Pacific Mutual Life Insurance Company covering a 15 state region. She specializes in employee benefits for small employers and has been with this company for 9 years. Her husband, 1967 Southwest graduate Jim Droege, is a Kirkwood Firefighter. Seven years ago, Jim hung up his rugby spikes and they moved to the country. They have a lakefront home in Jefferson County where they enjoy boating, waterskiing, swimming, ice skating and sledding. Their family consists of a Brittany Spaniel, a German Shepherd and 3 very spoiled cats. The brood grows from time to time as animals drift by and discover that the food is pretty good at

the Droeges. Sharon is a member of the Insurance Women of St. Louis and is currently working on her FLMI (Fellow Life Management Institute) designation.

Robert G. Booth *

After finishing his studies at Washington University, School of Business Administration, he began his career at the University of Missouri as a Computer Operations Supervisor and Systems Programmer before joining Memorex as a Systems Engineer in 1971. In 1973, Bob married Linda (St. Joseph's Academy, Maryville College). In June, they were transferred to Santa Clara, California and remained there for 11 years. Their son, Robby, was born in October of 1976 and on his wife's birthday (July 24) in 1980, their twin daughters, Laurie and Kathy, were born. In December, 1980, Bob left Memorex to form a production company that produced large scale employee meetings and audio-visual productions for such companies as Amdahl, Memorex, Verbatim, Foremost-McKesson and the Cambridge Plan Diet. He sold the firm in 1983 and rejoined Memorex. In July, 1984, Memorex transferred them again to Florida as Sales Manager. Bob is now the Area Product Sales Manager for the Southern Area. His hobbies include golf, bowling, photography and supporting his son's Little League team.

Since graduation from Southwest, Gary completed his mechanical engineering degree at the University of Missouri, Columbia and began work as a mechanical engineer for Century Electric Company in St. Louis, designing motors. In 1976 Gary and his family moved to Wausau, Wisconsin where he worked for another motor manufacturer, Marathon Electric Company. While in Wisconsin, Gary and his family learned how to snow ski and now look forward to trips to Colorado to ski the Big Slopes. In 1985, they all moved back to St. Louis where he is presently working for Emerson Electric Company (incidentally, his boss is an ex-Southwest graduate, Bill Schnyder, Mike Schnyder's brother.

Gary met his wife, Ginny, while attending school at Columbia. They got married in 1972 and since then have been blessed with a girl, Julie (10) and a boy, Scott (4).

His hobbies include any sports, but mostly skiing, fishing, hunting (bow as well as gun) and softball.

Port Townsend, WA 98368
(206) 385-4448

Korte married a woman named Darolyn Dibble from Scarsdale, New York on March 1, 1979 in Port Townsend, Washington. They still live in Port Townsend and are the co-owners, operators, etc. of a freelance feature writing and photography business called Magic Carpet. They have appeared

in newspapers across the country (including the South Side Journal, but not the Post-Dispatch or Globe-Democrat) and have recently had pieces in Oceans, Islands and Ford Times magazines.

Their honeymoon was spent in a 17-foot canoe, paddling 1,000 miles from Ketchikan, Alaska to Port Townsend through the inside passage. During that two-month trip, Korte managed to slim down from a record high of 254 pounds to a somewhat light 192 pounds. Some people find it amusing that Dee is only 4'9" tall and he is 6'5" tall. They don't.

They spent a year from November, 1982 through October, 1983 traveling around the world, doing a weekly series of adventure travel stories for several newspapers. It was (forgive the cliché) the trip of a lifetime, giving them the opportunity to overnight with Borneo headhunters, hike through the opium fields of northern Thailand, snorkel in Bali, trek in the Nepali Himalayas and lots of other entertaining stuff. Three months in India will change your whole outlook. Europe was nice too.

After graduating from Southwest, Korte went to Forest Park Community College and then found himself drafted into the U.S. Army. He served a year in Vietnam as intelligence augmentation to the Special Forces. On separation, he stayed on the West Coast, attended junior college in Seattle and graduated from Western Washington State College, Bellingham, Washington with a degree in journalism. Jobs on the Port Townsend Leader and the Enumclaw Courier-Herald (both Washington weeklies), before becoming the Port Townsend bureau chief for the Port Angeles Daily News.

He probably left out some stuff, like being a bartender in a freak tavern in the early '70's, a marriage to a wolf trainer in California that lasted three months (honest!), and other weirdness too lurid to mention.

Linda (Bruner) Starnes *
414 Linum Lane
Webster Groves, MO 63119
(314) 961-5948

Linda is a homemaker living in Webster Groves. She is married to Kermit, who is Vice-President of Marketing - and mother to Kip (14), Matthew (10) and Katie (4). After graduation from Southwest, Linda attended Southeast Missouri State College for 3 years and left to begin married life. After living in the Miami, Florida area and Washington, D.C. area, they decided there was no place like home and moved back to the St. Louis area.

She enjoys raising her children (most of the time!) and the creative aspects of homemaking - decorating her home, cooking, gardening, etc. When she has some time just for herself, she likes Bible study, reading and listening to music. As a family they enjoy outdoor activities, especially fishing, boating, water-skiing, and they try to do that as often as possible. Linda is looking forward to connecting with some neat, old friends!

Steve is married to Maggi (Ne: Flanigan) from Carthage, Missouri. They have two children - Greg (7) and Stacey (5). Steve is a registered Professional Engineer and works for Monsanto Electronic Materials Company in the position of Crystal Manufacturing Superintendent. Maggie is a full time mother following eight years as a elementary school teacher in O'Fallon, Missouri. The Brunkhorst's moved to Spartanburg, South Carolina from St. Peters, Missouri in 1979 when Monsanto began operation of the Spartanburg Electronics plant. Hobbies include winemaking from grapes grown in North Carolina, California and New York. Steve and Maggie have an 18 foot day sailor and enjoy spring breezes with friends on the local lakes. Family vacations typically include an annual trip to St. Louis/Carthage and a visit or two to the coastal beaches (4 hours away) and the Smokey Mountains (3 hours away).

She works part-time at the Webster Groves YMCA teaching fitness classes and substituting in various school districts. Before Judy was married and had children, she taught high school Home Economics in Fallbrook, California and Maplewood High School in St. Louis. Jim and Judy keep busy with work, their home and taking their oldest daughter to swim meets. Stacy is a very good swimmer and has been swimming competitively for 3 years. Last year they went on a 10 day cruise with the whole Buchmeier clan, "a gift from my father - he took 17 of us - it was a ball!" Jim graduated from Lutheran South in 1966 also!

Webster Groves, MO 63119
(314) 481-5921

When Dennis wins the Illinois lottery, he is going to buy beach front property in San Diego County, a custom designed RV and travel around the world

developing a reputation as the world's most eccentric photojournalist. Until then, he is quite satisfied working as Chief Photographer for the Jefferson County Daily News-Democrat. His foremost (and most humorous in retrospect) experience while on assignment was being chased out of a rodeo ring by a crazed bull. Only inspired quickness and fading athletic ability, allowed a narrow escape for him and his Nikons. He also has the closest photo of bucking bull in history.

He has been married to the same lady, Sherry, for 15 years. They have two sons, Christopher (14) and Matthew (7). They share a love for the Desert Southwest and travel there as often as possible.

When he is not snapping photos, he devours mystery novels and lap swims to stay in shape, but hasn't picked up a basketball in ten years.

He has fond memories from Southwest and feels fortunate to have attended during a time when neighborhood schools existed.

After graduating from Southwest and taking it easy for about a year, Benny decided to tour the world (actually it was decided for him and it was a tour of duty in Vietnam).

He held on to his bachelorhood 'til 1979 when he married Debbie, who grew up and lived only three blocks away from him. The "apple of his eye" is five years old (soon to be six) and named Angela. She'll be graduating from Kindergarten in May.

His job occupation, or "what does he do to earn a living" is carpenter.

(314) 487-6845

It's not exactly easy for Victor to summarize the last ten years in a few sentences, but he gave it a try. Victor received his Ph.D. in 1976 and continues to teach Spanish at St. Louis Country Day School. He is also the varsity tennis coach and believes that by the time of our reunion, they will have won the state championship. During the summer, Victor teaches Italian at Mark Twain Summer Institute and also works for the Education Testing Service in Princeton. For a period of seven years, he taught Italian at Washington University. He was elected President of the Foreign Language Teacher's Association. Victor usually travels to Spain every two years and in 1984 took a two month trip to Mexico. He has been married to his highschool sweetheart for 15½ years. They have three children: Vicki (10), Michael (8) and Chas (6). Against his will, Victor acquired a cocker spaniel "Sam" who thinks he is the fourth child. He is a perfect example to disprove the saying: "Dog is man's best friend".

He traveled extensively for Uncle Sam, visiting Europe, Asia, Middle East, South Pacific, Alaska, etc. . . .

Upon discharge in 1971, Tony married Mary Ann Bell, the girl of his dreams (he met her at the home away from home - Hampton Steak-n-Shake!). They have three children and a turtle - Sharon (8), Julie (6), Charlie (4) and peppy (age and sex unknown).

Tony graduated from University of Missouri, St. Louis in 1975 with a Bachelor's degree in Business and worked 3 years for Johnson & Johnson selling pharmaceuticals and getting thrown out of some of the most prestigious doctor's offices in Clayton.

Tony is currently enjoying his 8th anniversary with Southwestern Bell Corporation. He started out in Yellow Pages sales and fell in love with the business! He currently manages the creation and delivery of sales training to new personnel. Sometimes this job involves extensive travel and Tony and his family had the trip of a lifetime last year when they lived in Australia for 4½ months. Linda (Diesing) Cooper
1749 Burning Tree Drive
Decatur, IL 62521
(217) 767-2738

Twenty years. Could it be? Come to think of it, I guess there has been a lot of water over the dam!

The first four of Linda's 20 years were spent working on her degree in music education at Millikin University in Decatur, Illinois. She graduated in May, 1970. She met her husband, Jim, while at Millikin. They were married the Saturday following graduation and have made their home in the Decatur area since then.

For many years, beginning her senior year at SWHS, she has directly applied her music as a church organist. Currently, she is associate organist at Grace United Methodist Church in Decatur, one of the largest United Methodist churches in downstate Illinois. She is frequently called by other area churches to substitute as their organist, too. She also has given private piano and organ instruction and has been in sales at a local music store.

Linda and Jim have two children. Robert (Bob) was born on December 25, 1973 and Barbara on November 30, 1978. They, of course, keep them quite busy. Bob is their hockey and soccer player. Barbara would like to be a major social butterfly but is currently limited to church choir, and dancing lessons.

Jim is a locomotive engineer for Norfolk Southern Railroad. His schedule is unpredictable which complicates long term planning. He has also been listed in the most recent "Who's Who in the Midwest". Linda is a teacher's aide in Special Education at Eisenhower High School. She is also working on her Master's degree in elementary education and anxiously waiting to be able to teach in her own classroom. Linda and Jim are also active in their church, singing in the Chancel Choir and serving on various committees and boards. They also own a corn and soybean farm nearby, which Linda manages.

In their "spare" time, they also try to visit Linda's parents who still live in St. Louis. They have also traveled rather extensively and are planning to go to Europe later this summer, with their children and her parents.

For the past seven years Rich has been a business representative for Teamsters Local Union No. 688. He represents the workers at United Parcel Service, Sears Roebuck & Co., and Central Hardware's office and warehouse. The job consists of negotiating contracts, settle grievances, handling arbitration cases and organizing companies. His wife, Donna, is a graduate of St. Thomas-Aquinas. They have two children; Rich (15) who attends Oakville Senior High and Sheri (13) who attends Oakville Junior High in South County. When they are not traveling, they enjoy working in their yard and watching their children participate in various sporting activities. They would like to have attended the picnic but they will be off to the Lake of Ozarks for a business meeting.

Charles Dischinger *
2541 W. Allen Drive
Springfield, MO 65807
(417) 887-0747

After graduation from Southwest, Charles attended Meramec Community College for three years while working at various part-time jobs. He then transferred to Southwest Missouri State in the fall of '69 and graduated with a BFA in Commercial Art and Photography during the summer of '71. That same June, Debie and he were married. They live in Springfield, Missouri with their 11 year old daughter, Nikki, a 5 year old foster son, David and a 3 year old foster son, Louis.

While attending SMS, he became interested in caving or speleology through HOG (Heart of the Ozarks Grotto) and spent many, many hours underground exploring and mapping caves throughout the Ozarks. He continued to do a lot of caving after college but the enthusiasm began to quickly fade.

After working for about a year for MWM Colorpress in Aurora, Missouri as an artist, typesetter, photographer, special auditor, truck driver and tour guide for not much more than minimum wage, he was fortunately able to hire on with the former Frisco Railroad in Springfield as a locomotive fireman and two years later was promoted to Engineer. Today, he still is working for the railroad, but now it is the Burlington Northern and he represents the Brotherhood of Locomotive Engineers as Local Chairman in Springfield and has served as delegate to the National Convention, Sec./Treas., and State Legislative Representative.

Although he is not able to directly apply his college training towards his job, he has not completely given up his artistic expression. He enjoys building HO scale models of the locomotives, cars, and structures of former Frisco Railroads along with photographing trains. Along these lines, he has received national recognition for both his modeling skills and photography. He also edits and publishes a newsletter for the Frisco Modelers Information Group which is much the same as a Historical Society for the former Frisco Railroad.

Although free time is getting harder to come by, Debie and he enjoy traveling as much as possible. Since they have been married, they have been to 47 of the 50 states (missing only Delaware, Minnesota and Alaska) and to nine of the 12 Canadian provinces and Mexico. High on their list of priorities is a two to three month trip to Alaska and the possibility of going to Australia for a year or so.

So they can travel in style and with his interests in railroads and railroading, he is presently interested in owning his own private railroad car in which he would like to travel across the US, Canada and Mexico. Owning of private railroad cars has become an increasingly popular hobby with over 200 such cars now being maintained in the US and pulled behind Amtrak trains.

Linda is currently working as a visiting nurse in the county where they reside (a suburb of Detroit). She graduated in 1970 from CMSU with a nursing degree and in 1978, finished an MA in Education from the University of Detroit. She has worked in a variety of hospitals in Wisconsin and Michigan as a nursing instructor. In 1970, she married Randy Happel from La Crosse, Wisconsin. He is an accountant for Michigan Bell Telephone and has a private accounting practice. They have two children; Scott (6) and Susan (3). Both Linda and Randy are active in an adoptive families organization. Three or four times a year they teach a class called "Prepared Adoptive Parenting" for couples awaiting the placement of infants. They also speak to high school students about adoption as a positive option to problem pregnancies.

It's been a while since the last time Dave took the Kingshighway bus. The next bus took him to Springfield, Missouri and Drury College. He enjoyed the college life and met a wonderful person, Martha Stewart, with whom he plans to spend the rest of his life. They moved back to St. Louis, found ordinary jobs and best of all, made or remade friends with a group of SW alums (you know who you are) whom they still love. In 1976, Martha entered Eden Seminary. She was ordained a U.C.C. minister in '79 and they moved to Prairie Village, Kansas. A year and one half later they moved to Red Oak, Iowa where Martha was Pastor at First Congregational Church. Dave enjoyed working as a Medical Technician for a medical supply company. Last June, they packed their rental truck and moved to Big Rapids. They have adjusted easily to Michigan life and hope to live in their new home for a long time. Dave is currently working for a home decorating firm. They enjoy tennis, golf, jogging, "movies", skiing and travel. They hope we have a great reunion.

Dave asks, "What happened to the Cardinals?"

Linda is teaching Art at Clinton Middle School in the St. Louis Public School system. Her husband, Leo, teaches Social Studies at the same school. Their daughter, Kim, is 18 years old and is attending cosmetology school. Linda received her B.A. in Education and Fine Arts from Webster University. One of the obvious advantages of sharing the same occupation is unlimited summer travel together.

How times flies! Karen was a single parent for nine years (a divorce) before she remarried. Her husband, Anthony J., is also a graduate of Southwest. He loves and works in the restaurant business. Their son, Anthony C, is a 6'4" Junior at Bishop DuBourg giving up his basketball shoes for interest in music and has a job in a restaurant. Karen worked 4½ years at two previous jobs before she spent 7½ of her best working years at CBS Radio Stations here in St. Louis. Many long hours were spent in Traffic, SIs, secretary duties, Computers and Snow Watch - along with meeting many celebrities and always

a friendly or not so friendly spat with Jack Carney. After the years at 1120, during the tax season, she was employed part time for the City of St. Louis and has taught P.E. at the Parochial level. She gave up her career at KMOX so that she could spend time with her son and husband, therefore, she has just turned into a "suzie homemaker". Karen still wears the same cologne that Kathie Grana started her on, they have 4 too many parakeets, a collection of Oriental dolls that Hayashi would marvel at and over 100 Kuola bears. Due to her motion sickness, A.J. sees to it when they travel that she can sleep 80% and when they fly, she has one hand on the "doggie bag" and a 7-up in the other. She has passed up many opportunities in visiting her relatives in Sicily, but due to Mr. Monachesi's Italian classes, she can translate their letters -ha. Up until 4 years ago, much of her time was spent coaching many Volleyball teams to City/County championships, coaching Basketball and Track and Field. Karen retired reluctantly because she was over 30 and wanted her joints to stay in place. (She never learned to be a coach that sat on the bench.) Karen is just one person who can't go back to reunions but that doesn't mean that she doesn't have some good memories at Southwest, cause she does but they're memories

P.S. Just 2 months ago, I had the pleasure (one adult to another) telling Mr. Forti, while he was paying his taxes, what an unfair teacher he was. But listen, if you got a C in Typing - that was the best grade he gave and "Feel lucky" was his reply!

Have fun.

Five times over the past 20 years, Lou has moved away from St. Louis. Only once did he know he'd be returning; when he went to college at Mizzou. The other four departures had him thinking he had kicked the St. Louis dust from his shoes for the last time. Years and roads took him across the width of Europe and the length of Africa, they led down through Central America, into Peru and across New Zealand and Australia. They pushed him in every direction throughout the United States and they always brought him back, back to St. Louis. Along the highways, he became a school teacher, got married only once (still am!), had no kids, developed a love for motorcycles, and had a damn good taste of life. Uncountable conversations with lonely folks who hated their high school years and kept no contact with any high school friends have taught him how fortunate he is. Fortunate to still have many Southwest friendships and to have had such a good time in making them. Hope after tonight, we all say the same.

Linda has been a den mother, assistant soccer coach, room mother, teacher's aide, and in her spare time, is a legal secretary and receptionist for the law firm of Sullivan & Watkins in Clayton. Her husband, Jerry, is an electrical repairman at Chrysler. Vacations are usually spent on the water as Jerry and the boys take the boat out to fish as often as they can.

Friends tell them that we've been married so long (18 years) because they work different hours and usually see each other on weekends.

The reunion of 1976 brought back so many good memories of high school, that Patty decided to return to college to earn her degree. She returned to SMSU as a sophomore and graduated in the summer of 1980 with a B.S. in Education. She was hired 2 days later to teach Language at Strafford High, as well as sponsor the yearbook, newspaper and honors club. Strafford is 13 miles from Marshfield and although she enjoyed that year very much, when position of 8th grade L. A.'s teacher and cheerleader sponsor opened for the

fall of 1981, she applied and got the job. Her sons were in 8th and 6th grade at the time.

Pat has been teaching six years now and has earned additional hours toward her Masters. Ken will graduate in May and retire as Student Body President, to attend college in the fall. He plans to major in communications and is gaining practical experience through the local radio station, KOSC, as one of the deejays. Steve, a sophomore is also in Student Council as a representative for his class. Both boys lettered in football and are interested in track and weight lifting, as well as band, honors chorus and acting in the musicals and dinner theaters. In the summer months, Ken and Steve work as lifeguards at the Marshfield City Pool.

Pat's husband, Keith, who was introduced to her by "Marlin Mueller" at SMSU is also a 1966 graduate, but from Thayer High. Keith has worked as a checker on the dock in Strafford for Broadway Express for the past six years, and has also earned the title of "Colonel" after he graduated from the Missouri Auction School in K.C., and opened his own auction barn. However, the scheduling of time became too hectic and he opted to go into the movie rental business instead.

Pat still enjoys sports activities, and her favorite hobby is refunding for cash and merchandise. They have two pets, Inky, a 13 year old black Persian, and Muffin, a one year old blonde, whose mother is a registered Poodle. Pat is also involved as an officer in school and in a church organization. Pat says "Those sorority meetings really did make a difference!"

Ron's job is Asset Management with Equitable Financial Services. He married Elizabeth Jane, alias "Libby" on May 28, 1983. They are expecting their first child in June of 1986. He has traveled and played rugby (prior to getting married) all over the United States and in England, France, Germany, Holland, Mexico, Canada and the British Virgin Islands. They love antiques and enjoy collecting functional pieces which are used throughout their home. Thus the motto, "if you don't use it, you are going to lose it". After two years in the Marine Corps and coming out as a weapons instructor, reconesance and scout sniper, it was necessary for Ron to finish his degree work or take a job in South America. He loves the States so it was natural to settle on a business degree at U.M.S.L. It is Ron's hope to be at the reunion if the delivery goes well and Libby is up to the travel. If not, maybe a solo. Ron's most humorous reflection to date looking back on our year's at Southwest was singing Away in a Manger as a soprano his freshman year and refusing to go on stage for the second performance until they reduced the size of the red bow around his neck. He shouldn't have sang at all!

Ann has a small shop in the historic district of St. Charles, called "Not Just a Basket Shop". She sells handcrafted items, mostly made in Missouri. She has had the shop for three years now. Her husband is a millwright and has worked for the J.S. Alberici Construction Company for some 11 years. He is also an alderman for the city of St. Peters. Jason is extremely interested in astrology and transformers. He is in an accelerated class at school. This totally blows Ann's mind - since she had to work really hard just to make average grades.

Ann went to the University of Kansas for 1½ years, came home and worked at Lammert Furniture Company for 2 years, selling and doing a little decorating. She then scheduled all the commercials for KIRL Radio Station for about 1 year. (This was before KIRL went country.) Then came teeth, her first love. She became a dental assistant and totally enjoyed her work. She did this for 3 years and then went on to manage a dental office in Warrenton, Missouri for another 2 years. Ann left, had back surgery, which puts us to the present as a shop owner.

What a difference 10 years can make. Fortunately, Bev still has the same super husband, classmate Richard Schaefer living in the same house. But two new bodies also run around their house now. Their daughter, Kara (8½) and son, Bradley (4½).

Since the children arrived, Bev retired from teaching first grade and now spends most of her time volunteering at both schools and driving all over town for dancing, piano, swim and gymnastic lessons.

Bev does love tennis and plays 3 days a week. Presently, she plays position 1 or 2 Interclub for South Hampshire but feels the younger ladies are trying to steal her position as those old bones and muscles give out.

When not playing tennis, Bev loves gardening and decorating and redecorating their house. The wallpaper stores love to see her come in!

Larry R. Kleinkemper *

Shrewsbury, MO 63119
(314) 647-7312

After graduation from Southwest, Larry joined the Army Security Agency in August of 1966 and became a Morse (code) Interceptor until August of 1970 when they finally released him. He missed Viet Nam, but Korea made up for that. In his third year of military service, he met and married Joanie Remphry, Southwest Class of 1971. He was stationed at Two Rock Ranch Station near Petaluma, California. Joanie flew out there, they were wed, and spent their first year of marriage in northern California.

After escaping from the military, they came home to St. Louis where he found a job with the Webster Groves Fire Department. He stayed with that job for five years; that is until the walls began to close in on him. Then he made the switch from Fire Department to the Webster Groves Police Department. He is presently a Detective with that Department. Police work offers a variety of incentives, including long and strange hours, few benefits, and low pay. Somehow he is still attracted to it, though.

They now live on a quiet street in Shrewsbury with their two children and a retired watch dog. The kids are Larry Jr. (14) and Michael (11). They attend school in the Affton School District. Joanie is a service representative for the Honeywell Corporation located near Westport Plaza. They both are looking forward to seeing old friends.

Carol (Knapp) Weinhold *
626 Clark Street
St. Charles, MO 63301
(314) 946-2634

Carol has been married for the past 17 years to Stephen Weinhold, who just happens to be the same fella that took her to the Senior prom 20 years ago! They have two daughters, Laren (11) and Katherine (4). They have resided in "historic" St. Charles, Missouri for the past eleven years. Steve taught in the St. Charles Public Schools for 13 years, which is originally what brought them to St. Charles. He began a new teaching career this year with the rapidly growing Francis Howell School District in St. Charles County.

Carol and Steve have lived for the last eight years in their 100+ year old house in "old" St. Charles and continue to work on it with the hope that before they go to our 50th high school reunion, their house will be "finished". Steve is quite a handyman and has done almost all the restoration himself. Carol is the resident "decorator" and "landscaper" (which means she gets to sew the draperies and weed the gardens!). They also enjoy collecting antiques; Steve does furniture refinishing and Carol does some caning. Steve also has an extensive toy train collection.

Carol has worked for the past 10 years for the Circuit Court in St. Charles County; the last seven of those years at the Division Clerk of Associate Division No. Six. It's interesting work, but don't call Carol if you get a speeding ticket in St. Charles County!

Carol's real love is sewing and gardening. Unfortunately, she doesn't find nearly enough time for either. She especially enjoys cross stitch, smocking, quilting and making frilly dresses for her daughters. She helped organize a "young quilters" group at her church for women who work or have small children at home which prevent them from joining traditional church quilters which meet during the day. They quilt in the evenings and are trying to teach the art to younger women to keep it alive. She also belongs to the national smocking arts guild and a local stitchery club.

Their family is active in various church and school related activities and her husband is an avid jogger and marathoner. To Steve's great dismay, Carol has no interest in his past-time and prefers more sedentary forms of entertainment.

Bob and Carol enjoy fishing and camping. All three girls play soccer and Mom and Dad are coaches. The family travels all over Texas for soccer matches - a motor home is a must! They travel to South Padre Island for relaxation, swimming and fishing.

Bob has lived in Texas since 1975 and no longer feels like a "Yankee".

Bob would like to know the following:

1. Who egged Mr. Allen's office?
2. Can Ted Drewes be shipped to Texas?
3. Is there horse meat in White Castles?

Susan and husband, David are now living in Reyaldh, Saudi Arabia with their two girls, Kim (14) and Katy (8). They have been there for 1 year of a 2-year tour. David is a Major in the US Army and is the Provost Marshal for the Mideast Division there. Susan is teaching English at King Saud University (the Women's Division) - men and women do not attend school together).

With David's career, they have moved often - living in Georgia, California, New York, Alabama, Germany and now Saudi Arabia. Sue has held several jobs as they have moved around - mostly teaching in Adult Education, Guidance Counseling and now teaching English. David and Sue received Master's degrees from MU -Columbia in 1971 (MBA for Dave - MEd for her). They really wish they could be here this summer but Sue is afraid it's a little too far. They'll be thinking of everyone.

Nick is the morning newsmen for WLLR Radio in Davenport, Iowa. He is married to Pam and has three children, Nick Jr. (12), Bradley (9) and Jennifer (5). They also have a dog, a Cairn Terrier named "Misty".

He has worked at several radio stations before WLLR. They include one in Missouri, two in Nebraska and another in Davenport. After leaving Southwest, he attended Forest Park Jr. College. Nick then served in the Air Force for four years. He joined the service with another Southwest graduate, John Stucke. They were split up after basic training. Nick served one year in Viet Nam. After he came home from the service, he auditioned for a St. Louis Broadcasting School and here he is today.

Nick remembered one particularly funny experience at Southwest. It was the day of a special concert and various singing groups were performing. Tony Cutelli and Nick skipped a couple of classes. When they came back, a teacher spotted them. To avoid being caught, they quickly got in line with a singing group they were not part of and went on stage with them. Nick said it was funny trying to sing and perform with a group they knew nothing about. It was a close call, but they managed to carry it out. **Ed Lippert**

Alan graduated from the University of Northern Colorado in 1971 (he squeezed 4 years into 5) with a B.S. in Administration of Community Recreation. Shortly thereafter he accepted the job of Executive Director of Sherwood Forest Camp, a United Way youth service agency, serving inner city teenagers. He stayed there until early in 1981 when he accepted an administrative position with a local computer service bureau - Financial Management Service. He left that job in late 1981 to become the administrator of the St. Louis Medical Clinic, Inc., a large group medical practice at Missouri Baptist Hospital. By mid or late 1986, Alan hopes to have completed his Masters degree in Health Care Administration from Lindenwood College.

Alan was married in 1974 to the former Lynn Kerr (1970 Cleveland grad - he married her anyway). They have four children; Ryan (8), Christopher (6) and boy and girl twins - Jessica and Jacob (4½). His wife is a L.P.N. at Deaconess Hospital.

He attended and graduated from UMSL with a Master's from SIUE in Urban Development. He went to Great Britain in 1974 and in 1979. He hopes to go back for his 20 year wedding anniversary.

Diann has been at St. Mary's Health Center for 17 years in Microbiology. She went to Great Britain with Jim. The last trip they took Tammy, their daughter (18) who is on her way to SIUE in nursing or special education. They stayed with friends while in Scotland.

They bought a home in scenic South St. Louis. Jim still plays rugby which has sent him to Davenport, Iowa; Naussa; Great Britain;and Holland.

Diann's favorite thing about her job is doing autopsies and Jim's is displacing old people and bringing in gays.

(314) 965-1750

Name: Ron Miano - Food Sales Rep for Allen Foods, Inc., St. Louis, Mo.
Part-time brain surgeon, specializing in lobotomies.

Wife: Cindy - Southwest grad '67, wife, mother of two; Ryan (11) and Jenna (8).

Dog: Snuggles - a white poodle, his son's dog that Dad gets to take care of.

Travel: No more Friday and Saturday evenings in East St. Louis bars. They now travel to Florida yearly, so the dog can get fleas.

Hobbies: He enjoys catching deep sea fish at Lake of the Ozarks, preferably sharks - translated catfish and whales translated bluegills when he has the time.

Activities: He is still trying to make the Cardinals or any other team that will have him (down to slow-pitch softball).

Jobs: He has had two jobs in 18 years, both in the food sales industry. He would have rather been in Levenworth writing books and making millions.

College: He received his first college "A" - want to guess what in? Nautilus - still have more brawn than brains.

Military: He watched John Wayne in "Flying Tigers" on Channel 11 - 12:30 movie, then "Back to Bataan" with Anthony Quinn, and finally "Tora, Tora, Tora"; that's about 8 hours of military reserve time on the couch this year.

Children: His son, Ryan, looks like his Mom and is built like his Dad. Ryan is going to go a long way, especially if someone gives him 25¢ and points him to the nearest bus stop.

Jenna has those baby blue eyes. Just the other day she said, "Daddy, would you buy me that wooden horse". She flashed those baby blues; what could he say. The next thing he knew there was this 70 foot high wooden horse in the back yard from the movie "Helen of Troy".

P.S. Hope to see you all at the reunion, except Tom Kupferer.

They have had a lot of adjusting to do and all in all its been good. They are presently looking for an older, 2-story, farm house with some land. They've enjoyed racing at St. Louis International Raceway (drag racing) the past couple of years. Bowling is something they all like and do together. He still works at Chrysler Car Plant #I as a cushion builder (seats). They will be laid off from August 8 through February 16, 1987 - nice vacation - paid too. They hope to go to Arizona and California for vacation this year and take plenty of time.

Right now they are working on getting their 65 Comet ready to race in April at the Nostalgia Drags.

Linda graduated from the University of Kansas in 1970 with degrees in Anthropology and French. She was elected to membership in Phi Beta Kappa and Pi Delta Phi honorary societies. She met her husband, Mike, at the very first dance she attended at KU. They dated through four years of college and were married after graduation. They have two daughters; Althea (13) and Andrea (10). Mike is Vice-President of Systems and Support at Q-Systems of St. Louis, Inc., a business computer firm. Linda is a computer lab aide at the Henry School in the Parkway School District. She also does private tutoring in French and volunteers work as a dresser for Opera Theatre of St. Louis. Her current hobbies are singing in her church choir, camping, geneology and needlework. Linda's family went to Hawaii last summer after Althea returned from Japan with the St. Louis Children's Choir.

Humorous happenings from Southwest - writing a petition to have "that dirty old man - Mon Oncle" removed from the French tapes (and forging all those famous signatures like George Washington, Ben Franklin, etc.) - also, Mr. Kuo (the Chinese teacher) never got the Aud Schedule right - he always went to the wrong one - so we got two periods out of class instead of one!

Joann (Pisarek) Belding *

St. Louis, MO 63017
(314) 434-8765

Joann retired from Finance Personnel at Monsanto in 1980 to become a mom and housewife which is her current occupation. Her husband, Richard, is a self-employed engineering consultant which took them to Cincinnati for one year. They have two daughters, Briana (5), Lauren (14 mos) and a 3 year old Siamese cat named Sunny. They have traveled to the Hawaiian Islands, Mexico, cruised to Grand Cayman Islands and Jamaica, and are looking forward to Disney World next year.

Gail is the Administrative Project Coordinator for Care & Plus of Missouri - the first rural Health Maintenance Organization in Missouri which is physician owned. After a year of ground work, marketing will be underway shortly. Care & Plus is based in Rolla but serves 14 counties in central and south central Missouri. Her husband, Kurt, is also in the health field - being the head nurse of the ICU at Phelps County Regional Medical Center. Christopher, age 11 and Janel, age 8 keep them busy when they are away from work. Gail is the leader for Janel's Brownie Troup and is serving as President of the Phelps County Alumnae Panhellenic as well as State Alumnae Rep. Chairman for Alpha Phi. Gail is looking forward to completing her MBA by this time next year.

St. Louis, MO 63109
(314) 752-4928

After being a homemaker and raising children for many years, Trudy ventured into the working world about five years ago. She has been a secretary for Conrad Properties Corporation in Clayton since 1984 and she really enjoys her work. She is divorced and a mother of two teenage children. Dawn is a senior at Bishop DuBourg and Michael is a junior at St. Louis University High. Although she tends to be slightly prejudice, they're both terrific kids that she is very proud of. One of her favorite projects is an annual variety show that she stages and directs. It is performed by the C.Y.C. which is composed of freshman through seniors from parochial high schools in her area. It has taken a lot of her time over the past five years, but it is truly a labor of love. During some of her spare time, she enjoys bowling and volleyball. And, oh yes, she has never stopped imperial dancing. She looks forward to seeing all her Longhorn friends at the reunion.

Joann (Prokopchuk) Palumbo *

In June, 1970, Joann graduated from UMSL with a B.A. in English and Secondary Education. Joann taught at Mehlville Senior High from 1970-1979, teaching English from 70-73. She earned her Masters degree as a Reading Specialist and continued to teach reading at the high school from '73 to '79.

In July, 1971, she married Jerry Palumbo. Jerry is a teacher at Bishop Dubourg. They have two daughters, Jessica (6½) and Maria (8½). She decided to take a "six-year retirement" from teaching (1979-1985) to have fun at home with her daughters.

Presently, she is back in the teaching profession. This year ('85-'86) she returned to the Mehlville School District as a reading specialist at Washington Junior High.

In their "spare time", the Palumbos like to travel, camp, dance and skate!

Alan attended the University of Kansas from 1966 through 1970. He graduated with a degree in Commercial Art and Advertising. He married Barbara Fritz in July of 1970. During the summer of 1972, they did a nine week exploration of Europe, logging over 2,000 miles by car. They came back to St. Louis and continued to develop their careers. Barb as an educator and he as a business-type. They began their family with Andrea in 1975 and followed her by adopting Tara from Bangladesh in 1979 and then Beth came in 1980. Alan has held many positions since graduating from KU and is now working on his second tour with Central Hardware. He is basically responsible for the company's sales promotion efforts and for working with the buyers to select what goes into the stores, how it's bought and sold. Barb is now in the position of Director of Christian Education at a church in Webster Groves. They recently moved into a house off Clayton Road, after living in the Normandy area for over 13 years.

Rich is in the midst of a career change. He has been attending Washington University, majoring in Electrical Engineering. At one or two courses per semester, it feels like he's been going forever. But the end is finally in sight. This fall, he'll go full time and finish up. By this time next year he hopes to be designing microelectronic "chips" or digital control systems.

His family consists of wife, Christy and children, Tim (8), Susan (6) and Rebecca (2). They keep him pretty busy.

During the summer he usually competes in shooting matches at least once a month but between school and family he really doesn't have much time for hobbies. However, with more time available in the future, they probably will enjoy camping out again. They use to backpack and go on Sierra Club outings. Maybe they'll get back into that.

Jim is an accountant with the City of St. Louis Treasury. He handles cash disbursements and accounts for the Board of Election Commissioners, Polling Place rentals, Grand Jury witnesses and participants and reimbursements for the Water Department (along with reading the paper and doing crosswords - it's a tough job but someone has to do it.)

Jim's spouse gave him an "Early Dismissal" but he has two children - Jeff (15) and Todd (10). The family pet is "Boots" an obese black cat weighing in at 13 pounds. Jim plays golf and fishes and likes to spend 3 or 4 weeks a year in Florida (West Palm Beach).

Some of Jim's memories from school are when it took him three gym periods to run the mile - so Mr. Ashley graded him as 3 days for the mile (it was all a joke anyway - Jim wasn't that slow! There were the times Jim use to get to Mrs. Albright's class early and put gum in the lock so she couldn't get the

door open and they would have to wait for the custodian. Jim also remembers when he was a sophomore and sold his freshman "elevator pass" to a new "incoming" for two bucks. The one memory that sticks out the most is Jim's last Hello Day when they did the very popular Alka Seltzer commercial and he was the construction worker with the jackhammer bouncing against his belly. Man did they get some laughs (Jim wishes we could go back)!

Phyllis has been working toward her M.O.M. degree (Mastery of Motherhood) and is sometimes overwhelmed by the number of hours required for the courses, but can't complain about the variety of subject matter! Future career plans were deferred two years ago when confronted with a "surprise" pregnancy. They managed a trip to Germany, and Austria the following summer although they looked like the remains of a circus tent sideshow after three weeks overseas with an eight month old, five year old and seven year old sporting a cast from a broken arm.

They enjoy travel and working with children (ours are all girls!). Lee is still teaching American History in high school and Phyllis directs a children's choir, teaches Sunday School and is contemplating teaching piano soon. Future plans may include formal study in early childhood education (she's certainly had enough "practice in the home" - just need a little theory!). Phyllis hopes our lives have been as richly blessed as theirs has been.

Brian Richardson *

13295 Twin Lakes Drive
St. Louis, MO 63122
(314) 225-5090

Since graduating from dear old Southwest, Brian has led two very different lives. The first life was that of an academic, graduating from Missouri University and Washington University with a B.S. ('70) and M.A. ('73) respectively. Then he taught English and coached football at Sumner High School for 3 years; was a counselor at Harris Teachers College and Metro High School; and all the while coached baseball at Harris.

In 1981, he decided to leave the cocoon of academia to begin his second life in the business world in search of the "almighty buck". He is currently the Regional Sales Manager for a company that makes labelers for the packaging industry.

When not traveling for business, his passions are: spy novels, racquetball, skiing and golf. Brian and his wife, Suzanne, live in Kirkwood and have four

children between them; Ben, Brian Jr., Kristi and Julie. When time permits, you can find him on the golf course giving Ken Weissflug lessons, seemingly without positive result.

Can it really be 20 years since Southwest? It seems like yesterday! And who is the imposter with a flat-top perched above his name in the Round-Up? We sense the twisted hand of Rod Serling at work.

He has 16 years in the Army Reserves, presently a Major in the 21st General Hospital (S. Kingshighway) serving as a hospital administrator. Phil and Sharon are involved in their home business as dealers of limited edition collectors plates, figurines and lithographs. Recently Phil became a Real Estate Broker and is involved in investment properties. They have traveled extensively across the United States and have also been to Belgium and most recently vacationed in St. Thomas, VI. Who has time for hobbies?

Nancy L. (Roberts) Palazzolo *
5536 Lisette Avenue
St. Louis, MO 63109
(314) 832-7198

Since graduation Nancy has managed to do most of the things important to her and have some fun along the way. Her first summer she worked at a camp in the Ozarks, courtesy of Jerry Petrofsky. She spent four years at Mizzou working towards a degree. During her last semester she married John who just graduated OCS. They moved to Ft. Benning, Georgia and she worked in a preschool, where she had her fill of children for many years! In 1971, when John got orders for Korea, she moved back to St. Louis and found a job

with Safeco, Insurance. Shortly after starting, a co-worker and SW alumnus, Dan Alfultis, talked her into taking his 3½ year old cat, Emmett. (Does anyone know where Dan is? I'm allergic to the (18½ year old) cat and would like to give it back)! Nancy left Safeco in 1977, with life and health experience, to gain pension experience at General American Life. Career-wise, her current position as manager of the defined contribution recordkeeping (and investment) services department gives her a sense of achievement and fulfillment; it provides many challenges, responsibilities and duties.

Nancy has also managed to fit in some travel. Having a passion for Europe and vicinity, they went to Ireland in 1979. For their anniversary in 1981, John surprised her with tickets to London. In 1982, she surprised him with a daughter, Mikayla. She was such a joy, we "encored" in 1984 with Caitlin. Last year her dad took her on a French wine-tasting luxury barge trip he won. While in Europe, she was fortunate to see a little of Switzerland, visit her sister in Germany and tour Paris.

If she finds any time for herself, she usually reads; most of her time is spent working or playing with her children. Her next goal is a housekeeper and cook - which is what John thought he was getting when he married her. Nancy's degree is in Home Economics.

St. Louis, MO 63109
(314) 644-0897

Rich has been quite busy since our 10 year reunion, earning an MBA in business, a law degree and doctorate in bio-chemistry. This combination of specialties has served him well in starting his own firm of Galatic Enterprises - a multi universe conglomerate - which currently employs 59,000 people and did a dollar volume greater than that of the total economies of all Western World countries.

His wife (classmate Bev Kerr) celebrates their 17th wedding anniversary as we gather here tonight, but he has received a third cashier's check and promise of suicide from Morgan Fairchild unless he marries her by the year's end. Of course, he won't be able to help her, because what could he tell Kathleen Turner?

Leisure time is spent on tennis (Wimbleton titles 76-80), writing (Nobel Prize 82 and 83) and social causes (Save the Whales With Nuclear Power).

Except for the part about being married 17 years to Bev, the rest is a symptom of mid-life crises. They have two children; Kara (8) and Brad (4) and because of those three people, he doesn't know how one could be any happier than he is.

After Southwest, Carol attended the University of Kansas where she majored in Journalism Education. After 10 weeks of student teaching, she decided working on a newspaper would be more fun, so she went to Ohio State University as a graduate assistant and got a Master's degree in New/Editorial Journalism. She started with the Rochester (N.Y.) Democrat and Chronicle as a reporter and copyeditor. From there she moved to the St. Louis Globe Democrat where she served as the "Living" section editor until her "retirement" for the birth of her first son. On yes - she had picked up a husband along the way - William G. Cole, an attorney raised in Kirkwood and educated at Yale and Vanderbilt Universities. They now live in Washington D.C. where Bill is an Appellate Attorney for the U.S. Department of Justice. They have two sons, David (11) and John (8) and one daughter, Katie (5). She spends her productive time serving as PTA President, team mothers, swimming club organizer, etc. Carol still keeps in touch with a few Southwest friends and is very sorry to miss the reunion but her children will still be in school.

While trying to decide how to begin this paragraph (creatively!), one cliché comes to mind: "You've come a long way baby!". In terms of miles - or kilometers - the statement is very true. Switzerland has been her home for the past 13 years. The first 6 of those years Karen worked as a biochemical research assistant in Zurich. Then she moved to Lausanne for 2 more years of research in the cancer institution before she "retired" to become full time wife, mother and housekeeper. Her husband is Swiss German and their two children (Jean-Marc (6½) and Jennifer (4) have double nationalities and are fluent in English, French and Swiss German (she regrets to say that very little of Mrs. Pyburn's Latin has been able to help her with her language problems). In the future, she is looking forward to coming out of "retirement" and resuming her work at the cancer institute. In the meantime, she passes the time skiing, sledding, hiking, and camping with family and friends.

Norma R. Fischer and George were married in April, 1979. They have three boys, George M. (5), Grant E. (4) and Greg T (2½). He has been employed at McDonnell Aircraft Company over ten years. He is a "Senior Writer-Producer" for the Film and Video Communications Department where he writes, shoots, directs, edits and narrates videotapes and slide productions for all components of McDonnell Douglas.

George presently hosts a radio program "Allelu" at 10:05 a.m. on Saturday mornings on radio station KFUO, 850 on the AM dial. KFUO is the world's oldest religious and inspirational music mixed with "items of interest". This past New Years Eve and the year before, he hosted the Annual Formal Dress New Years Radio Ball on KSLH, 91.5 FM, playing big band music from 8 p.m. 'til 2 a.m.

In the years since the last reunion, George co-produced a multimedia presentation that won a commendation from the Concordia Historical Institute and he edited The Brass Lamp for two years for the Horseless Carriage Club of Missouri, Inc. receiving the Golden Quill Award from the national newspaper Old Cars Weekly.

George has also been active in the Theatre Guild of Webster Groves and the St. Louis chapter of the National Academy of Television Arts and Sciences.

On Sundays in the summer George, Norma and the boys can be found attending antique car shows in their 1948 Chrysler Windsor Club Coupe.

Today, 20 years after graduating from SW, Marlene finds herself enjoying life more than ever. Her wonderful husband, Chuck, is the product manager for Stemco in Longview, located in the beautiful piney woods section of Texas. Their two children, David (11) and Kathy (9) are their pride and joy. The four of them have traveled to twenty-eight states together, with nine more to be added this summer (the previous statistics were furnished by their family's future accountant and son, David). With their family travels, Marlene should be working for a travel agency, but instead she is a teacher and presently doing long-term substituting for teachers on maternity leaves. Marlene earned her bachelor's degree at UMC and her masters at NKU. They've lived in Columbus, Ohio (where the children were born) and Northern Kentucky (suburb of Cincinnati, where their two cats joined the family).

Armed with a degree in biochemistry from the University of Kansas, she worked as a biochemist in several medical research labs and a chemist for a petroleum company. After languishing in a stuffy lab for some half dozen years, she has finally hit her stride! She owns and operates a junk yard; excuse me, an automotive dismanteling and redistribution center with her brother. When she is not up in her ears with car parts, she mothers 2 great boys and a so-so husband (Chris - 11, Andy - 8, and Gene - 39). Kathy is married to Roy Migneco, Manager of Systems Programming - Barnes Hospital, who graduated from Southwest in June, 1962. They have a four year old daughter, Carrie Beth, who has been a beautiful blessing for them and Kathy also has a fifteen year old step daughter, Kathleen Marie, who lives in Battle Creek, Michigan. Kathy attended Meramec Community College for two years and took night courses at Washington University off and on during the nine years she worked at their Medical School. When she decides what she wants to be when she grows up, she intends to get her degree. She has worked primarily in hospitals in secretarial positions. Until the birth of Carrie, Kathy was an Administrative Secretary for the Business Administrator in Radiology at Washington University School of Medicine. She enjoys snow skiing in Colorado, bowling, dancing, cards and various crafts. She did enjoy Cardinal Football until last year! Kathy does volunteer work at her church and at the YMCA. She especially enjoys her daughter and is grateful to be home with her.

Hal Trout
60254 C.R. 113 So.
Elkhart, IN 46517
(219) 875-5714

Hal worked for Holiday Rambler Corporation, a recreational vehicle manufacturer, and is the "Southwestern" regional sale manager. He has a B.A. and M.A. degree in education which he used for 9 years, teaching Jr. High School before going into sales.

His wife, Judy, is a teacher and has taught 4th and 6th grades for 16 years (she is from Elkhart, Indiana, our home town). Their family is very active with Amy, 14, in softball, soccer, volleyball, basketball and band. Their son,

Brett, is 10 and plays soccer and baseball and is active in scouts. Both kids are also active in church youth activities. Both Hal and Judy coach various sports and enjoy participating in them whenever "old-age" permits.

His business takes him into the western and southwestern states for 2-3 weeks at a time, most of this is done by motorhome, a fantastic way to see our country (this is not a sales pitch, just fact).

Jim still works for National Food Stores at the Fenton store. He is the head grocery clerk. He has been with them for almost 13 years.

He is married to Mary who is from Denton, Texas and was a classmate of Phyllis George (Miss America for 1971). They have three children; Sherri (13), Mike (10) and Lori (6). By the way, his wife will be almost 37 years old at the time of the reunion.

Jim spent four long years in the Air Force from 1968 to 1972. He spent 15 months in Pakistan near the town of Peshwar. He wasn't that far from the Kyber Pass. In traveling to and from Pakistan, he was in the countries of Spain and Saudi Arabia. On their honeymoon, Jim and Mary went to Mexico. They have done a lot of traveling in the United States in all directions except north.

Jim spent a year at Harris Teachers College before he decided to enlist in the Air Force. He thought that he wanted to be a teacher.

He feels very fortunate to be able to attend our 20th reunion. Last Memorial Day weekend, Jim and his family were in a serious car accident. His children weren't hurt too bad, his wife had cracked ribs and bruises, but Jim ended up with a broken neck. According to the doctor, he should have been dead. He is all right now with just a few problems from the broken neck. He might need surgery in the future.

American Consulate, Hong Kong
Defense Liaison Office, Box 10
FPO San Francisco, CA 96659
239011 (Ext. 459)

Since our last reunion, Melinda's family has moved 6 times - bringing the total to 19 moves in 17 years. Such is the life of a military wife, they find the traveling rewarding and seem to be none the worse for it.

They are living in Hong Kong at this writing, having been transferred there in January, 1986 from Washington, D.C. where Rich attended the U.S. Military Attache School. He is assigned to the defense office at the American Consulate. They were there for two years (1981-83) when Richard took some intensive Mandarin Chinese language training. Melinda remembers when Southwest High offered Chinese, and wondered who would ever need that!

Their only child, Jennifer, is 14 and a freshman at the Hong Kong International School. She has attended 8 schools in her educational career, but manages to stay on the honor roll (unlike her mother) and make friends quickly. She looks forward to getting braces off her teeth this summer and spends free time at tennis and piano lessons. They will be in Hong Kong long enough for Jennifer to graduate from the International School. She is planning to go to college, but at this point her interest range between careers in communications and becoming a veterinarian. Remember when women could grow up to be a mother, nurse or teacher?

Fainting at the sight of blood, Melinda knew she'd never make it in the RN field; just being a student at Southwest taught her enough to know she'd never make it as a teacher - so she chose the former. After learning she could be liberated, she went back to college and tied up some college credit hours she had been accumulating as they zigzagged across the country. She finished an Associate of Arts degree and went to the Savannah College of Art and Design for some photography courses. After working at banking for a few years, she

discovered there were people who would pay her for writing, which had become her main hobby. She worked as a news reporter in Georgia and wrote and edited publications for the Hong Kong International school, where she worked as their public relations officer.

It really is a small world, and if any of you find yourselves on this side of it, please contact me through my husband (LTC Richard Welker in the defense office) at the American Consulate. I'd love to show you around this fascinating colony. Returning to the states for the reunion depends upon the job market here. I plan to have my resume out in April and if I start work before June, it's doubtful if I could get away. If not, I wish you all the best for an exciting and entertaining week-end.

Julie (Sorrentino) Varner *

Julie's occupation is Supervisor and Manager of the St. Louis base of Ohio-Verafast Corporation.

She has been married for 13 years and has four children; Tony (10), Angie (6), Bobby (5) and Joey (3 months).

One thing did happen that is ironic. One day back in 1964, she saw a well-dressed handsome man in the halls of Southwest between classes - just once she saw him (he changed schools). Ten years later, March 1974, she married him. She never forgot that brief encounter!

Barb (Spitler) Daley *

After leaving Southwest, Barb went to SMS for two years, then transferred to MU - Columbia, where she graduated with a degree in Special Education.

She taught for Special School District for 3 years before joining the high school staff of Campus Crusade for Christ. After working for 2 years with high school students, in Des Moines, Iowa, Barb returned to St. Louis and to teaching children with learning and behavior disorders.

During this time, Barb received her masters degree, a husband, and 2 dogs. After 2 years of marriage, she opted to keep the dogs and return her husband. She is living back in the old neighborhood, close to Ted Drewes and Steak n Shake. She has applied for membership in the River Des Peres Yacht Club, but her application is still pending. Since becoming a homeowner, Barb has become an avid gardener. It was a real revelation when she found out that pickles didn't grow in jars.

Barb's hobbies include; maintaining her home, gardening, canning, eating, gourmet cooking, eating, sewing, co-ed softball, eating, bike riding, and aerobics. She enjoys going to Cardinal baseball and football games, and functions at the Fox, Munny and Union Station.

Janice M. (Spitz) Brandt
5578 Pilgrim
Saginaw, MI 48603
(517) 793-7840

After graduation from Southwest, Janice attended UMSL and received a B.S. in Education in January, 1970. Marriage in April, 1970 to Barry Brandt (SW '65) and a move to Dayton, Ohio followed. As a General Motors employee, Barry has been transferred to Defiance, Ohio; Danville, Illinois; and now Saginaw, Michigan - none of which they knew existed 20 years ago. Janice taught for five years in Ohio and was a preschool teacher for several months before moving to Michigan.

The Brandt family numbers four with Sarah (11) born in Defiance and Christopher (8) born Christmas Day in Danville. More recent additions are two goldfish and a hermit crab. Vacations are spent visiting families in St. Louis and camping. Their activities include soccer, T-ball, gymnastics, swimming, etc. and next year - skiing. Each year has brought changes to their lives and they are looking forward to what happens next.

John and Sue (Heinicke) Stucke *
5447 Walsh
St. Louis, MO 63109
(314) 752-1948

John went to Forest Park for one semester. He then went to work for Southwestern Bell in January, 1967 and then into the Air Force in June of 1967 to June of 1971. He was in Germany from June '68 to June '71. He came back to Southwestern Bell upon his return. John then went to Meramec for 2 years at night while working for Bell. He has been frameman, outside repairman, analysis supervisor, PBX installation foreman, repeaterman and is now a network service supervisor.

Sue started at Southwestern Bell in July, 1966 and went to school 2 years full time at St. Louis Baptist while part time at Southwestern Bell. She quit school and went to work full time for Southwestern Bell. She has been operator, repair clerk, frameman, deskman, estimate assigner, control foreman, chief assigner and now an E.S.S. switchman.

John and Sue did not know each other during their four years at Southwest, but met in 1976 at Southwestern Bell. They married on September 30, 1978 and bought a house in South St. Louis. For 3 years they did extensive remodeling to their house before having John Eric on September 8, 1981. Then Amy Louise was born on May 11, 1984.

Their main interests revolve around their friends from high school and their house and neighborhood. They see 7 other couples from grade school and high school, 4 or 5 times a year. John Gebken (66 grad) and his wife, Jan, are Godparents to their son and Otto Schoenberg (66 grad) and his wife, Patti, are Godparents to their daughter.

They also have 8 couples on their alley that they socialize with. They have progressive dinners, chili cook-offs and have backyard bar-b-ques on every holiday from Memorial Day through the Chili Cookoff in November.

A cruise, + 2 weeks in Florida and a few trips to Silver Dollar City have been their vacations up to now.

"Hello to all you wonderful people! I have decided to bore the class with my story this time. Maybe you'll be lucky and this will get lost in the mail. Ha!"

Tricia's family information is basically the same as in 1976. Her daughter, Shawnell, will be almost 16 years old by the reunion time this year. Her graduation year is 1988. Her main interests are dancing and writing. She plans to be an actress some day, but she also wants to be wife and mother when the right fella comes along.

Tricia's son, Neil, will graduate in 1993. Her entire family has their birthday in July. Neil will be eleven. He is a fisherman and he shows considerable talent as an artist. His favorite occupation is telling stories to anyone who will listen and he likes soccer. He also plays a little basketball and is learning to golf so he can spend more time with Dad.

Dad (Bill), is involved in the vacuum-packaging industry. He likes to, but seldom finds time to, fish. He spends most of his scarce leisure time on the golf course.

Tricia put 25,000 miles a year on her car, so she might get the title taxi driver or chauffeur. She spends over 10 hours per week exercising at the spa. Her favorite sport is snow skiing. Favorite hobbies and past times include sewing, painting, writing, quilting, teddy bears, visiting and helping people and most any creative endeavors. Probably 95% of her time right now is aimed toward her children and their home. Tricia says, "Bill is a wonderful person and I am happier now than I ever have been." By our 30 year reunion, she suspects that she will be a grandmother, a time she looks forward to. She has plans to be a super grandparent with super grandkids.

Bill has been working for Maritz Inc. in Fenton since 1969 and is Director of Contract Services. The job entails managing the facilities of the Campus Type Setting and includes Security, Food Service, Landscaping, Emergency Services, Building Cleaning and other outside contracts. This responsibility includes some 2,000 plus employees and approximately 1,000,000 sq. feet of under roof space. Bill attended Southeast Missouri State from 1966-1968. Enrolled in University of Missouri at St. Louis in 1970 and graduated in 1972 with a B.S. in Business. Bill was previously married but currently is divorced, no children. In addition to his full time job, he is a member of the 1904 World's Fair Society and has a small business called Bill's St. Louis World's Fair Memorabilia. It is Bill's hope to be involved in promoting a special event in 2004 to celebrate the 100th anniversary of the World's Fair. As he missed our ten year reunion, he is looking forward to seeing friends from Southwest that he hasn't seen for 20 years.
